

INSURANCE & RISK MANAGEMENT OVERVIEW

Protecting Assets. Reducing Exposure. Restoring Performance.

Macias Builders is a veteran-led roofing and building envelope contractor delivering disciplined restoration and replacement solutions supported by structured construction management and project oversight. We partner with insurance professionals, property managers, and risk advisors to deliver structured, well-documented projects that protect building assets and control loss exposure.

CORE SERVICE FOCUS

- Roof replacement (Asphalt, TPO, Modified Bitumen, Metal, Coatings)
- Waterproofing, flashing, and insulation systems
- Leak investigation and failure diagnostics
- Envelope restoration tied to moisture intrusion
- Storm damage repair and select demolition
- Limited water mitigation and mold remediation tied to envelope failure

WHY INSURANCE & RISK PROFESSIONALS PARTNER WITH US

- Structured scope development and detailed documentation
- Clear line-item cost breakdowns
- OSHA and EM 385-aligned safety culture
- Coordination with adjusters and third-party consultants
- Minimal disruption to occupied facilities
- Focus on long-term system performance—not temporary fixes

DELIVERY APPROACH

We treat roofing as part of an integrated building envelope system—protecting against water intrusion, thermal exposure, and structural deterioration. Our disciplined execution, transparent reporting, and controlled scheduling ensure assets are restored efficiently and responsibly.

COMPANY CREDENTIALS

- NMSSDC Minority Business Enterprise (MBE) – Certified
- Texas VetHUB – Certified
- National Roofing Contractors Association (NRCA) – Member
- OSHA 30 – Certified
