

CAPABILITY STATEMENT

Veteran-Led | SDVOSB | Federal & State Supply & Procurement | Facility & Operational Materials
Reliable supplier supporting mission-critical material and operational needs

COMPANY OVERVIEW

Macias Builders is a veteran-led SDVOSB federal and state supply and procurement company based in San Antonio, Texas. We specialize in sourcing and delivering construction, facility, and operational materials in support of federal, state, and local (SLED) agency requirements and mission-critical operations.

Our leadership brings 30+ years of military logistics, materiel management, and operational experience, supported by advanced education in procurement and acquisitions. This foundation enables disciplined sourcing, supply chain coordination, and execution aligned with government requirements, delivery schedules, and mission needs.

We support operations in active, occupied, and secure environments while maintaining safety, quality, and compliance.

CORE COMPETENCIES

Federal Supply & Procurement | Construction & Facility Materials Sourcing | Industrial & Operational Supply Fulfillment | Logistics & Delivery Coordination | Vendor & Supplier Coordination | RFQ / RFP Response & Pricing Support | Support for Active & Mission-Critical Environments

DIFFERENTIATORS
