

## **INSURANCE & RISK MANAGEMENT OVERVIEW**

**Protecting Assets. Reducing Exposure. Restoring Performance.**

Macias Builders is a veteran-led roofing and building envelope contractor delivering disciplined restoration and replacement solutions for insurance-driven and risk-managed projects. We partner with insurance professionals, adjusters, property managers, and risk advisors to execute well-defined scopes that protect building assets, reduce exposure, and restore long-term performance.

### **CORE SERVICE FOCUS**

- Roof replacement (asphalt, TPO, modified bitumen, metal, coatings)
- Waterproofing, flashing, and insulation systems
- Leak investigation and failure diagnostics
- Building envelope restoration associated with moisture intrusion
- Storm damage repair and select demolition
- Targeted water mitigation associated with envelope failure

### **VALUE TO INSURANCE & RISK PROFESSIONALS**

- ✓ Structured scope development with detailed documentation
- ✓ Clear, line-item cost breakdowns supporting claims review and validation
- ✓ OSHA and EM 385-aligned safety practices
- ✓ Coordination with adjusters, consultants, and stakeholders
- ✓ Phased execution in occupied facilities
- ✓ Focus on long-term system performance over temporary repairs

### **DELIVERY APPROACH**

Macias Builders executes disciplined, well-defined scopes supported by structured construction management and coordinated trade execution. We treat roofing as part of an integrated building envelope system—protecting against water intrusion, thermal exposure, and structural deterioration—while ensuring efficient, controlled project delivery.
