

# NOVEMBER MEETING LOCATION

November 2022 Greensboro Astronomy Club Meeting-Off Site Meeting.  
Hosted by the Middle College at UNCG

The Middle College is the old Student Recreational Building. Our address is 1510 Walker Avenue. I have an outside door and I will have signs pointing to this side entrance, but I will have access to the front entrance if you want to take the steps. Directly across Walker is a surface lot that might have free parking spaces. The Parking Deck might be free if no one is working the cash register that evening. A few dollars cash or a credit card would be useful, as UNCG may be collecting parking that evening.

Close up view of building indicating side entrance or front entrance.
