VIVA

Model: Viva

Item No. SW0120

DESCRIPTION

An ingenious bypass sliding design! The Viva fully-frameless: familiar, but yet so different. It is not your every day shower door or tub door. Engineered to perfection with functionality and style in mind. Our original double-sliding door with a top rail design allows for both doors to slide along the rail. Anti-jumping designed rollers prevents our door from sliding off of the top rail. Available in a variety of hardware finishes and sizes.

FEATURES

- Premium 3/8 in. (10 mm) tempered safety glass - ANSI Z97.1 certified
- Chrome, Brushed Stainless, Satin Black and Satin Gold hardware finishes available
- Hardware constructed of durable stainless steel
- Fully frameless glass design
- Up to 4 in. (101 mm) in width adjustment by trimming down top header
- No out-of-plumb installation adjustability
- Double sliding bypass design for left or right side entry
- Equipped rollers with anti-jumping device to prevent doors from sliding off the top rail
- Stainless steel adjustable up to 1/4 in. (6 mm) rollers for smooth sliding
- Sizeable handles, that dual function as towel bars
- Full-length super clear waterproof seals
- Splashproof threshold to prevent water spillage, minimum threshold depth of 2 3/4 in. (69 mm) required
- Materials: ANSI certified tempered glass, stainless steel hardware
- Studs or reinforcement behind finished walls required for installation

- Aluminum alloy frame
- Available in various sizes

FEATURES

- LED technology mirror
- Copper-free and corrosion-resistant glass
- Lifetime up to 50,000 hours
- ETL Listed
- Super bright
- Environmentally sustainable
- Easy installation

INSTALLATION

- 120V-240V plug-in electrical connection
- Mounting holes are predrilled on chassis
- Chassis should be mounted to wall studs
- Fixture should be controlled by on/off switch

OPLEX

Item No. SW1403

Description Oplex LED Mirror

SPECIFICATIONS

- Series Model: SW1403
- 120-240 Volt plug-in connection
- CRI 90+
- CCT: 3000 Kelvin
- Aluminum alloy frame
- Available in various sizes

FEATURES

- LED technology mirror
- Copper-free and corrosion-resistant glass
- Lifetime up to 50,000 hours
- ETL Listed
- Super bright
- Environmentally sustainable
- Easy installation

INSTALLATION

- 120V-240V plug-in electrical connection
- Mounting holes are predrilled on chassis
- Chassis should be mounted to wall studs
- Fixture should be controlled by on/off switch
