

At ATIV, LLC, protecting your financial information is our highest priority. We use industry-standard security measures to ensure your data remains safe, confidential, and accessible only to authorized individuals.

- **Encryption** – All data transferred electronically is encrypted during transmission and storage.
- **Secure Systems** – We use password-protected, multi-factor authentication systems and trusted accounting software (e.g., QuickBooks, Microsoft 365).
- **Confidentiality** – Your business and financial information is never sold, shared, or disclosed without your consent, except as required by law.
- **Data Retention & Disposal** – Records are maintained only as long as necessary for business and compliance purposes, then securely deleted or destroyed.
- **Compliance** – Our practices follow applicable data protection and financial privacy regulations.
