

RxAir360

NEWSLETTER

Hello RxAir360 Family,

The RxAir360 team would like to thank you all for completing your subscription agreements promptly to allow us to close the Series Pre- Seed investment round. The First Round is officially closed, and all new certificates have been issued. Please check the email you have on file with us and save the document for safe keeping.

RxAir360

clinical hyperbaric oxygen device

The Latest

We will officially open The Series A round on Monday, May 22nd. This round will only be open to \$50K investors and above. We hope this will be the final round of investments for RxAir360 Inc.

Great News

The License Agreement for use of our Patent has been signed, and the US Patent has been issued!
