

RxAir360

NEWSLETTER

Greetings RxAir360 Family,

During this season, we wish to convey our sincere appreciation for your investment, encouragement, confidence, and understanding in facilitating the launch of the RxAir360, scheduled for the first quarter of 2025.

RxAir360

clinical hyperbaric oxygen device

The Latest

Robert F. Kennedy Jr., the choice to be the next Secretary of the Department of Health and Human Services, released a statement on X exclaiming that the "FDA's war on public health is about to end. This includes its aggressive suppression of psychedelics, peptides, stem cells, raw milk, **Hyperbaric Therapies**, chelating compounds, ivermectin, hydroxychloroquine, vitamins, clean foods, sunshine, exercise, nutraceuticals, and anything else that advances human health and can't be patented by Pharma."

Congratulations to our manufacturer, Electroimpact, on building Rocket Lab's Robotic 3D Printer, which is Poised to Build Massive Carbon Composite Rockets.

What's Next?

We are presently engaged in collaboration with FDA 510k Consultants, LLC and Electroimpact to assemble the requisite documentation for filing a 510(k) Premarket Notification in order to secure FDA clearance.

Our objective is to have all materials prepared and ready for submission to the FDA by the second week of December.

Validation

In our efforts to keep you informed about the latest in Hyperbaric Oxygen Therapy and its global impact, we encourage you to review the articles we have provided. These resources aim to help you better understand why we are excited and committed to offering this product in private practice physicians' examination rooms.

CBS Sunday Morning - North Carolina Congressman Greg Murphy, who is a medical doctor, is advocating for the availability of hyperbaric oxygen therapy (HBOT) to U.S. veterans for the treatment of PTSD.
