The OFF-ROAD FOOD CART is designed for transporting across virtually any surface. The pneumatic casters are designed to travel over rough surfaces such as dirt, grass, cracked concrete and asphalt.

Features included with each food cart make this a self-contained point of sale for serving hot and cold meals. A recharge cooler, (2) heated warming bags and (3) refrigerant gel cold pans are included with each food cart.

Your staff will be protected by the included (3) sided clear Lexan barriers. Custom graphics and colors create a colorful and detailed reminder to students to grab all their meal components.
