SATELLITE SERVING SOLUTIONS

- **Feed More Students**
- **Reduce Lunch Lines**

- Speed Of Service
- No Equipment Movement
- Improve Staff Safety

Standard Quick Cafe

The Standard Quick Cafe offers multiple solutions for K-12 Food Service. The Quick Cafe creates a high volume point of meal distribution and eliminates the need to transport equipment which decreases work related injuries. Features include an integrated motorized security door and a heavy duty steel/aluminum awning. The Quick Cafe is a portable unit that can be relocated to other areas on campus or another site across town. All Quick Cafe models are extremely durable. There are 20 year old Quick Cafes still in use.

For Breakfast
Choose At Least 3 Meal Components
• One must be a 1/2 cup of fruit.

For Lunch
The 5 Meal Component for School Lunch

1 Protein	2 Grain	3 Fruit	4 Vegetable	5 Milk
-----------	---------	---------	-------------	--------

Solar Powered Quick Cafe

Solar powered open/close for the motorized door. Allows you to install a Quick Cafe in any location without needed electrical. The standard option powers the motorized rolling door and your food service POS system. An industrial grade solar power kit for your Quick Cafe will provide years of reliable service. Expanded power kits available to power such things as our heated food warming bags or recharge coolers.
