Future Course Headings...

- **Friday, November 15, 2019, 7:00 PM:** Ah, I hope we have all come back from our travels finally! With this next meeting at the **Los Altos Public Library at 13 S. San Antonio Rd., Los Altos**, Jim Rhetta will again treat us to another of his great maritime history summaries. We will also have our pre-meeting dinner at **Chef Chu's Chinese Restaurant** at the corner of **El Camino Real and San Antonio Rd.** starting at **5:30 PM**. If you want to join us, please let us know at lum40@comcast.net so reservations can be made.

Also, George Sloup and Ken Lum will report on what they saw and learned from the **Nautical Research Guild** meeting in **New Bedford, MA**.

½ scale model of the whaler, *Lagoda*, in the **New Bedford Whaling Museum**

It was definitely a fabulously worthwhile trip to a wonderful place that neither of us had ever been to before containing many exotic artifacts to see and learn from.

Finally, bring whatever you are currently working on to show and tell. We missed the inspiration last month from seeing the great work our members are doing due to our cancelled October meeting.

- **Wednesday, December 18, 2019, 6:30 PM:** Date and time of our annual **SBMS Annual Holiday Party**. We will again return to the **Duke of Edinburgh Pub** at **10801 N. Wolfe Road, Cupertino, CA** to enjoy their excellent menu and selection of beer.

However, I understand that our last year's experience was very noisy compared to the previous year when we were in an ornate, back, private room which was much quieter. For that reason, I have already prevailed on the proprietor to specifically give us the old back room, called the "**Duke's Room**", and let's see how it goes this year. Just hope no one comes in and sets off a 12 pounder to get some attention!

- **Saturday, April 18, 2020, 9 AM-5 PM:**

The **International Plastic Modelers Society (IPMS)/Silicon Valley Scale Modelers 7th Annual Silicon Valley Classic** scale modeling convention will be held on this day at **Napredak Hall, 770 Montague Expwy, San Jose, CA**. We have had exhibitions there annually over the last several years in conjunction with **Ages of Sail** and always had great fun. Here are a couple of pictures from the last convention this spring.

Clare Hess staffing the **Ages of Sail** table Various WW 2 ship models on display

Our table will need volunteers to staff it all day, and we can set up an informal shift schedule to have at least one person on duty to promote our hobby. **And impressment is not even necessary!** More on this as we get nearer the date.

Maritime Matters of the Month

•Display of Club Ship Models at the St. Francis Yacht Club, SF.-Jim Rhetta

Walt met with folks from the **St Francis Yacht Club** about having them display or buy our models. This will take some time as their new club house is under construction with many decisions to be made. At this time we should just assemble photos and descriptions of our models that are available. They are interested in what is available for their members to purchase and to display. If you have a model that needs to be photographed for this effort in front of a blue screen, bring it to the meeting.

•Unfinished Ship Models Available to Give Away.-Jim Rhetta

We have been notified by **Kevin Flaherty** that he has **four partially completed models to give away.** He is planning to move to Europe next year and is offering them to the club. I invited him to bring them to the meeting so members can look them over and select what appeals to them. He has the following:

<p>Panart Armed Launch (1:16) Bulkheads and backbone assembled, small amount of the innermost layer of planking installed</p>	
<p>Mamoli HMS Victory (1:90) Basic hull planked, coppered (scored copper tape) bottom, alternative woods for exterior planking and decking, gunports marked but not sized</p>	
<p>Artesania Latina Swift (1:50) Hull and deck furniture mostly complete, alternative woods, bamboo treenails</p>	
<p>Aeropiccola Lexington (Scale ??) Hull completed for display with alternate woods, includes a "frameless" glass display case 36"L 12"H 10.5"D</p>	

Kit boxes with parts and plans come with all models.

The 2019 Nautical Research Guild Conference

George Sloup and Ken Lum attended this year's **NRG Conference** held in Massachusetts at the **New Bedford Whaling Museum**. We also toured the museums at the **Naval War College** in Newport, RI and the **Herreshoff Marine Museum** in Bristol, RI. People can read about these fabulous places on the web. Instead, I present a series of photos of some of the ship models and other exhibits we saw in these museums for everyone's inspiration. We will see more at our club meeting.

Club Ship Model Fittings Library

The club now has a substantial slop chest library of kit fittings acquired from the estates of members and other ship model builders who have passed away or retired due to disability. It is all now in the possession of our president, **Jim Rhetta** (jmrhetta@aol.com) and is available to members in need of fittings for their projects. This library will be brought to meetings for us to pick over. They include a variety of blocks, deadeyes, pins, chains, belaying pins, rudder hinges, rings, guns in various sizes and more. We sincerely thank all those who have contributed to this library.
