

Take Your Performers to Disney Class, Stage, Magic.

Disney's Imagination Campus offers a fully produced Disney World performance experience for dance companies, choirs, bands, and performance groups — a class from Disney professionals and a performance on a real stage. Little Bird Travel Company guides you through the application process and handles every detail, so you can focus on your performers and the experience.

Our approach comes from hands-on experience guiding groups through this exact program — from private dance companies to public elementary schools. We only take on a limited number of groups each year so that yours gets the attention it deserves.

THE EXPERIENCE, DAY BY DAY

| DAY 1 Arrival | DAY 2 The Class | DAY 3 Performance Day | DAY 4 Departure |
|--|---|--|--|
| Check into the resort, and head straight into the parks. | Take a class led by Disney professionals. Then you have time in the parks together. | The group takes the stage, then celebrates in the parks. | One last morning of magic before heading home. |
