REFERENCES

ALEX EIJGENRAAM

Former Rigmanager SEAFOX
alexe@kpnmail.com

During his years as captain off the the DP2 heavy lift jack up Seafox 5, Jeroen has proven to be a reliable and highly skilled master mariner as well as a strong offshore installation manager. With his open and result driven leadership style, he is well capable to run any ship and effectively manage multidisciplinary offshore project teams.

LEE WILKES

Marine Warranty Surveyor
captainleeawilkes@gmail.com

I have had the pleasure of working with Jeroen on several occasions in different project teams. He is a good decision maker with a wealth of experience to back it up, competent, self-motivated, a great work ethic and conducts himself well. Jeroen would make a great asset to any project team and I would gladly recommend his services
