

WELCOME PACK

Welcome to Eden Willow School of Nature

Eden Willow is a Christian based pre-school with Christian values.

Our school is in a nature conservancy on a large property with lots of room for children to run and play outdoors. We encourage our children to play freely on the playground with daily interactions with animals and learning about our world around us. Our children will learn how to plant seeds, watch them grow and eat the fruit and vegetables that we harvest over time.

Eden Willow has well equipped classrooms with caring staff who allow little minds to discover and develop, little hearts to grow and glow, little hands to craft and create.

Eden Willow is a home away from home ensuring our children feel physically and emotionally safe at all times.

Eden Willow – The Natural Choice.
