

Doctor's House Calls *of Idaho*

Our Doctors can come to you!

Our team of Health Care Providers offer patient centered care at your place of residence, whether that be a private residence, independent living community assisting living facilities, and in some situations skilled nursing facilities.

PRIMARY CARE PROVIDER (PCP) SERVICES

We provide primary care services to those patients who do not have a current PCP and can coordinate interim care should your existing PCP be unavailable. We can do a medical encounter similar to those you experience in a clinic setting. We can coordinate laboratory services, prescribe medications, and coordinate to specialists and other healthcare professionals as necessary. Our services are available to those who are unable to seek medical care in a clinical setting, and prefer to receive services inside their own home.

URGENT CARE

We can provide our house call services on an urgent basis whenever possible.

TRANSITION CARE

We provide treatment and oversight for patients recently discharged from a hospital, LTACH, and in some situations Skilled Nursing Facility.

**Medicare, Many Private Insurances,
and Private Pay accepted!**

Our House Calls team is directed by Dr. Ann Agnew, M.D. Dr. Agnew has more than twenty five years experience in Internal Medicine. She has worked in hospitals as well as outpatient settings. A graduate of the University of Missouri Kansas City Honors Program in Medicine, she completed three years of internal medicine residency at Washington University Barnes Jewish Hospital. She has worked in Boise Idaho for 15 years
