

FLORIDA'S DEVASTATING ABORTION CRISIS

Forty-eight percent (48%) of women in Florida feel that their pregnancies are "unwanted" or "wanted later."

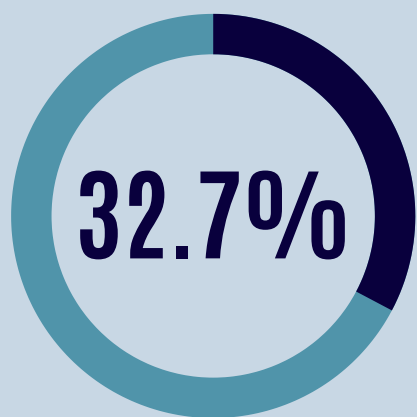

Forty-three (43%) of those pregnancies in Florida end in abortion.

The State of Florida saw • 74,868 abortions in 2020
Florida saw • 71,914 abortions in 2019

These statistics represent a 4% increase in abortions from 2019 to 2020, the third consecutive year of increase after ten years of no increase.

SOUTHEAST FLORIDA

32.7% of abortions in the state of Florida during 2020 took place in Miami-Dade, Broward, and Monroe counties where the Archdiocese of Miami serves.
