

October 17, 2022

Dear Patient,

It is with enormous regret that I inform you that I will be closing my practice on November 18, 2022. I will not be available to attend you after that date.

Since your condition will require ongoing treatment and surveillance, I suggest that you arrange to establish care with another healthcare provider as soon as possible.

If you decide to continue your relationship with the Endocrinology Institute of South Florida, our providers: Dr. Orlando Fernandez, Dr. Dayron Ortega, Dawn Stoner ARNP and Adelaida Alfonso ARNP are available immediately to guarantee uninterrupted medical care.

Should you decide to seek Endocrinology care elsewhere, I recommend you to contact Florida Board of Medicine at (850)488-0595, Lee County Medical Society at (239)936-1645 or your health insurance provider for a list of the available endocrinologists in the area.

To assist you in receiving the care you need, we will be happy to provide your new doctor with the copy of the necessary records from your file.

Please sign and return the enclosed authorization along with your instructions about where to send your records.

Once again, I deeply regret that I will not be able to continue to serve you. Thank you for your trust and friendship. My years in practice have been filled with many rewarding experiences and memories. Taking this journey together has been a privilege and a pleasure to me.

Best wishes for your health and happiness.

Sincerely yours,

Dr. Victor Luna
