1-DAY FLAKE SYSTEMS

HEAVY DUTY ALTERNATIVES

Polyurea-1 HD: \$0.23/sq ft

- Fast return to service time, accept vehicle traffic in 24 hrs
- UV Stable, excellent chemical and abrasion resistance
- Easy roller application; unlimited pot life

2 Gallons: \$220.80

Polyurea-3 WB: \$0.25/sq ft

- Excellent UV resistance
- Apply from 50° to 90°F
- Chemical resistant
- Low odor
- Mixed VOC < 50 g/L (per EPA method 24)
- Interior and exterior applications

3 Gallons: \$325.54

Poly-4XT: \$0.49/sq ft

- Quick full return to service in 4 hours at 75°F & 50% RH
- Tough and durable, 3X more scratch & mar resistant
- VOC compliance
- Easy roller application
- UV Stable, excellent chemical and abrasion resistance

1 Gallon: \$317.76

TOP COAT ALTERNATIVES

UL-80 Polyaspartic: \$0.83/sq ft

- Rapid return to service in 24 hours
- One coat coverage over broadcast systems
- UV Stable, excellent chemical, abrasion and heat resistance
- Available in gloss finishes
- Low to no odor
- Can be applied at temperatures between 30°F to 90°F

4 Gallons: \$383.64
Also available in 10 gallons.

ET-80 Polyaspartic: \$0.83/sq ft

- Fast return to service time, accept vehicle traffic in 24 hrs
- UV Stable, excellent chemical and abrasion resistance
- Easy roller application Unlimited pot life

4 Gallons: \$383.64
Also available in 5 gallons.

RG-70: \$0.57/sq ft

- Available in gloss and satin finishes
- UV Stable, excellent chemical, abrasion, and heat resistance
- Can be applied at temperature between 30°F to 90°F

4 Gallons: \$358.80

BASE COAT ALTERNATIVES

SLE-100: \$0.62/sq ft

- Emits virtually no odors and can be applied indoors
- VOC-Free
- 100% Solids Formulation
- Self-Leveling properties with a built-in shine

3 Gallons: \$228.74
Also available in 15 gallons.

PLE-100 FC: \$0.42/sq ft

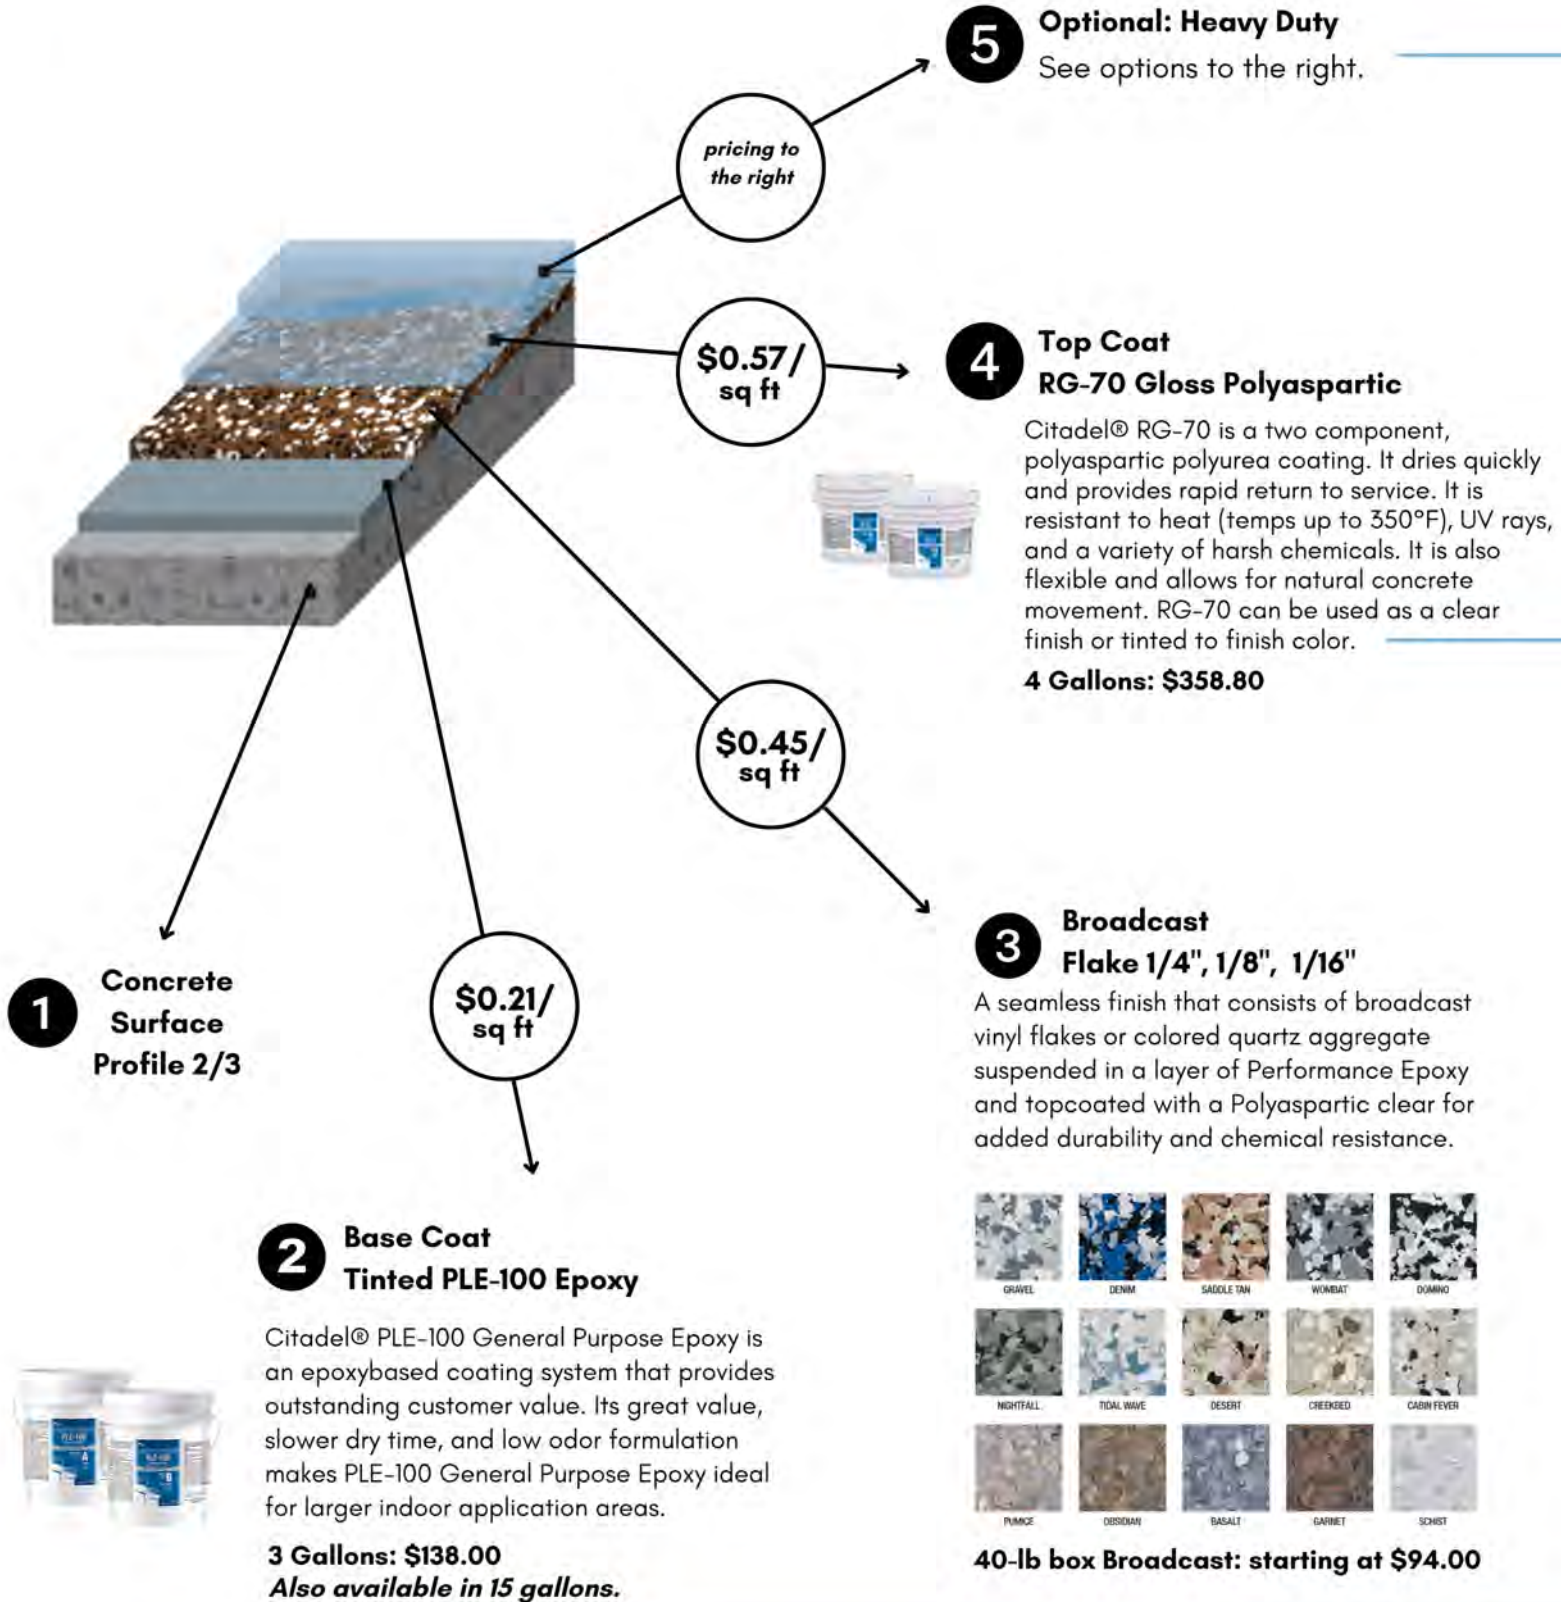

- Faster re-coat 3 hours vs. 4-6 hours (PLE-100)
- Versatile- Direct to Concrete
- Low odor 100% solids

3 Gallons: \$215.00
Also available in 15 gallons.

GRIND, STAIN, AND SEAL SYSTEM

1 Concrete Surface Profile 2/3

2 Ameri-Polish Solvent Based

Classic Dye
Ameripolish® Classic Dye is recommended to be mixed with ColorSolve™ and has a mixing time of approximately 3 hours before applying.

Surelock Dye
Ameripolish® SureLock Dye can be mixed with ColorSolve™ or water and has no dwell time after mixing.

1 Gallon: \$79.00

Also available in 5 gallons.

4 Top Coat Polyurea-1 HD:

Due to its unique chemical make-up and manufacturing process, Polyurea-1 HD provides exceptional protection while offering a virtually unlimited pot life and crystal clear finish. This optically clear high gloss finish is the core of the Medici System as well as every topcoat produced by Citadel. Its 100% UV stability and ultra low VOCs (combined with the unsurpassed durability of all single component polyurea solutions) make it perfect for both indoors and out.

2 Gallons: \$220.80

3 Base Coat RG-70 Gloss Polyaspartic

Citadel® RG-70 is a two component, polyaspartic polyurea coating. It dries quickly and provides rapid return to service. It is resistant to heat (temps up to 350°F), UV rays, and a variety of harsh chemicals. It is also flexible and allows for natural concrete movement. RG-70 can be used as a clear finish or tinted to finish color.

4 Gallons: \$358.80

1 Gallon: \$317.76

METALLIC FLOOR SYSTEM

2 Base Coat Tinted PLE-100 Epoxy

Citadel® PLE-100 General Purpose Epoxy is an epoxybased coating system that provides outstanding customer value. Its great value, slower dry time, and low odor formulation makes PLE-100 General Purpose Epoxy ideal for larger indoor application areas.

3 Gallons: \$138.00
Also available in 15 gallons.

4 Top Coat RG-70 Gloss Polyaspartic

Citadel® RG70 is a two component, polyaspartic polyurea coating. It dries quickly and provides rapid return to service. It is resistant to heat (temps up to 350°F), UV rays, and a variety of harsh chemicals. It is also flexible and allows for natural concrete movement. RG70 can be used as a clear finish or tinted to finish color.

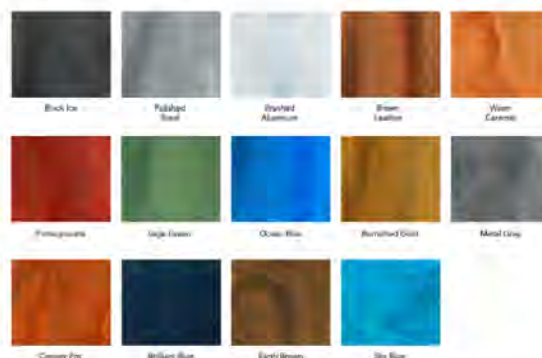

4 Gallons: \$358.80

3 COLOR COAT - METALLIC POWDER W/ SLE-100 EPOXY

Metallic pigments create shiny, reflective floors that score big on looks and durability. SLE-100 offers outstanding adhesion, chemical resistancy, and low VOC. Use of multiple colors and special finishing techniques provide unlimited combinations for one-of-a-kind floors. Metallic floors are a great option for high traffic areas.

3 Gallons: \$211.14
Also available in 15 gallons.
