Need Help Covering the Cost of Respiratory Equipment?

Ontario's Assistive Devices Program (ADP) may cover up to 75% of the cost for:

- CPAP, APAP & BiPAP systems
- Medication compressors
- Suction devices
- Tracheostomy equipment & supplies
- Airway clearance devices
- Apnea monitors (for infants at risk)

Who qualifies:

- Ontario residents with a valid health card
- Must need the equipment for 6 months or longer

[How Do I Apply?](#)

Your family physician will refer you to an ADP sleep clinic for testing. If eligible and diagnosed with obstructive sleep apnea, your physician and clinic will complete the application form and determine your equipment needs.

Lift Chairs & Compression Socks Make the Perfect Pair!

- SUPPORT DAILY MOBILITY**
Lift chairs make it easier to stand and move throughout the day, while compression socks help promote healthy circulation during longer periods of sitting or rest.
- GREAT FOR THOSE WHO NEED EXTRA SUPPORT**
Ideal for older adults, post-surgery recovery, and anyone managing arthritis, varicose veins, or reduced lower-body strength.
- HELP PREVENT COMMON COMPLICATIONS**
Used together, these products can help reduce swelling and lower the risk of circulation-related issues like DVT by encouraging regular movement and blood flow.
