- 1. Consider Purchase of Water:** Administrative Assistant Rospierski received a call from Bruce Thompson to see if the Board would be interested in purchasing up to four units of CBT water for around \$60,000.00 each. In doing some research, Town Clerk Duran found out that Pierce is considered at their “cap” based on a review that was done in 2010 so the Town is unable to purchase CBT directly. The Town has grown so Duran will submit new information to the Water Conservancy District to have the information reviewed and updated to see if, based on the growth, the Town could purchase water in the future. This review takes several weeks to complete. The Board would like to see if Trustee Anderson, as the head of the Water & Wastewater Department, would have interest in being authorized by the Board to make tentative offers on available water in the future.
- 2. Old Business:** The Board would like Attorney Szasz to let Double J know that this water is for sale.
- 3. Board Communications:** Town Clerk Duran would like to get started on the interview process for Deputy Town Clerk. She noted that she had received over a hundred applications.

**Adjournment:** 6:04 PM.
