# Welcome

Northern Sink Supplies Ltd on Whitehall Road in Leeds was established in 1975 by Mr George Scott, the present, owner's father.

Over the past 45 years of trading they have become one of the UK's leading suppliers of sinks and taps to kitchen centres, plumbers merchants and the catering and laboratory industries.

Supporting the business is our reliable and knowledgeable sales team working out of our Leeds showroom. The team have many years of experience to draw from and have a good understanding of the products we sell; they are here to give immediate service and helpful advice.

As well as supplying trade customers from our Leeds showroom, Northern Sink Supplies deliver to outlets in areas as far as Ashington in the North East, Leicestershire in the South and all areas in between. Deliveries will be received within days of ordering. For those in the catering and laboratory industries, specific specifications can be accommodated as we can obtain purpose made stainless steel sinks to order.
