

RUSH

Residents United to Save our Hometown

Please reach out to our elected officials

Tell them.....

- We do **NOT** want Horseshoe Solar/Invenergy to install a massive industrial solar facility in our Town.
- The Town of Rush **MUST Opt-Out** of RPTL Section 487. **NO PILOTs** (Payment In Lieu Of Taxes). These industrial solar facilities need 100% taxation.
- There are **NO local representatives** on the NYS Article 10 Siting Board. Elected officials in Albany, including the Governor did **NOT follow the law**.
They must appoint local representatives.
This is unacceptable!
- Why have we **NOT heard** from our local, county and state representatives on these matters?

Please take just 5 minutes to

Call.....Write an email.....Write a letter!
