# KEY VALUES

## 1. HEALTH

The coalition strives to provide youth and community members with healthy options that may deter them from using alcohol and other drugs.

## 2. EDUCATION

Education is essential to our coalition work because education is key to the growth and development of our youth.

## 3. SAFETY

By working toward the common goal of substance abuse prevention and education, we ensure the safety of all members of the community.

## 4. RESEARCH & PREVENTION

Everything that is done in the Coalition is because of the field of prevention science and the need for research in order to be effective

## 5. FAMILY

Engaging families of every social and economic status to participate in pro-social family activities help our youth become resistant to experimenting in harmful substances and behaviors.

# ABOUT US

The overall goal of the Coalition for Youth and Families is to prevent and reduce substance use. We also focus on improving and promoting positive mental health status of youth.

The Coalition will help to increase the effectiveness of coalition leadership through coalition recruitment, development strategies and activities, evaluations of the success of these strategies, planning and continuous improvement.
