Please provide us with the information requested below:
Entry Category: Container Grown Plants
Entry Name:
Start Date of Project:
Please write a brief narrative describing the source of inspiration for the design and the steps taken during the creative process (e.g. selection and sourcing of materials, choice of plants, color, selection).
Please list all plant materials used, including the genus, specie, common name, cultivar and/or variety.

ACF Container Plant Project Log

Please sketch the original design idea, labeling the plant materials used.					

Container Grown Plants: Exhibitors in the Container Grown Plant competition must:

- 1. Attach a minimum of ten photographs taken during the cultivation of the entry;
- 2. Complete the timeline journaling the cultivation of the entry. The Timeline page (next page) may be copied if additional pages are needed.
