

To All Interested Persons and parents,

The Austin County Fair Calf Scramble Program is a great program for those who have an interest in beef cattle. This program is designed to help and assist youth in Austin County with a beef project that may not have an opportunity to raise beef cattle except through this program. There are a lot of learning experiences involved with the program and we want every eligible child to have an opportunity to participate. If you are interested but have a limited knowledge of showing cattle, **we have numerous individuals on the calf scramble committee who have a tremendous amount of experience that are there to help you from start to finish.**

The **application, essay, and notarized** minor's release must be completed, signed, and turned into the fair office, county extension office, Ag science teacher or the calf scramble committee by **September 10, 2024. Late applications will not be accepted.** Attached is a set of rules with which you must comply with prior to competing. Please make sure you are familiar with **ALL** rules before completing an application to participate in this event. It is a very extensive program with many benefits, but we ask that you review the rules before getting into the program. This event involves more than just simply feeding an animal. A full set of rules can be found online at Austin County Fair/Menu/Calf Scramble or in the Junior Livestock Catalog. **Also please be aware of the physical and financial aspects of this event.**

There will be a MANDATORY Informational meeting held after applications are submitted. The Scramble committee will contact you with the date and time of the meeting. This will be a high level overview of the expectations of the entire program prior to the Austin County Fair.

We look forward to your participation in the Calf Scramble. If there are any questions regarding the Calf Scramble program or the application, you may contact the chairman or co-chairmen at the below.

Thank you for your interest in the Calf Scramble Program and good luck!
