

*Through our roots
we are connected.*

FAMILY CONSTELLATION Workshop

- Profound healing benefits from the exploration and understanding of ancestral connections & dynamics
- By acknowledging and honouring the experiences of past generations you may gain insights into inherited patterns & traumas that may influence your life
- Facilitating a deeper connection to one's lineage
- Enables you to live in tune with your ancestor's wisdom
- Addresses unresolved issues that may have been passed down through generations
- Through reconciliation and integration, you can experience profound healing and transformation
- Resulting in greater harmony with self and familial relationships

Margarete Koenning

BA Social Work
Certified Gestalt Therapist
Certified Psychotherapy Germany
Accredited PACFA Supervisor

"The essence of my work is to find a 'place' where we can meet with love. From this place change can happen. Curiosity and respect are the two most powerful tools I have..."

My passion lies in supporting people to move from disconnection to connection.

The core principle of my approach is to meet everyone with love and gentleness because I believe that through love, change can happen.
