

BOROUGH OF ST. LAWRENCE

BERKS COUNTY, PENNSYLVANIA

ORDINANCE No. 452-2023

**AN ORDINANCE OF THE BOROUGH OF ST. LAWRENCE, BERKS COUNTY, PENNSYLVANIA, AMENDING ORDINANCE 416, THE BOROUGH'S ZONING ORDINANCE, TO PROVIDE FOR SMALL WIRELESS FACILITIES; AND REGULATE SMALL WIRELESS FACILITIES, WITHIN THE PUBLIC RIGHTS-OF-WAY IN THE BOROUGH OF ST. LAWRENCE.**

**WHEREAS**, the Borough of St. Lawrence is a municipal corporation organized and existing under the laws of the Commonwealth of Pennsylvania; and

**WHEREAS**, Act 50 of 2021 provides for deployment of Small Wireless Facilities in the Commonwealth of Pennsylvania in accordance with applicable federal laws and regulations, and allows for local regulation of certain design and district placement, and fees for the use of the public right-of-way; and

**WHEREAS**, the Council of the Borough of St. Lawrence, has determined that it is in the public interest to provide for design standards and fees for use of the public right-of-way in accordance with the Act.

**NOW THEREFORE, BE IT ENACTED AND ORDAINED** by the Council of the Borough of St. Lawrence as follows:

**SECTION 1. PURPOSE AND INTENT.**

- A) The purpose of this Ordinance is to establish procedures and standards, consistent with all applicable federal and state, laws, for the consideration, permitting, siting, construction, installation, collocation, modification, operation, regulation, and removal of Small Wireless Facilities ("SWF") in the public right-of-way of streets and roads.
- B) The intent of this Ordinance is to:
  - 1) Establish basic criteria for applications to install and/ or collocate SWF in the public right-of-way;
  - 2) Ensure that SWF are appropriately designed, constructed, modified, maintained, and removed when no longer in use in conformance with all applicable health and safety regulations;
  - 3) Preserve the character of the Borough by minimizing the potentially adverse visual impact of SWF through careful design, siting, landscaping and camouflaging techniques to blend these facilities into their environment to the maximum extent practicable;
  - 4) Establish an application process and structure for payment of fees and charges to be uniformly applied to all applicants, operators and owners of SWF for such facilities;

- 5) Comply with, and not conflict with or preempt, all applicable state and federal laws, as may be amended or superseded, and all FCC rules and regulations to interpret and implement applicable federal statutes; and
  - 6) Limit interference with the use of streets, sidewalks, alleys, parkways, public utilities, public views, certain city corridors, and other public ways and places.
- C) Zoning. Applications to collocate a small wireless facility or install or modify an associated utility pole in the rights-of-way shall be treated as a permitted use pursuant to Act 50 of 2021, the Small Wireless Facilities Deployment Act, and exempt from local zoning where required by the Act. Any other wireless facilities not meeting the definition of a small wireless facility shall remain subject to applicable zoning requirements.
- D) This Chapter is intended to implement the requirements of the Small Wireless Facilities Deployment Act. Failure of the Borough to include all language set forth in that Act in this Ordinance does not constitute a waiver of any rights under the Act.

**SECTION 2. APPLICABILITY.**

The provisions of this Chapter shall only apply to activities of a wireless provider within the right-of-way to deploy small wireless facilities and associated new utility poles with small wireless facilities attached.

**SECTION 3. DEFINITIONS.** The following words and phrases when used in this Chapter shall have the meanings given to them in this section unless the context clearly indicates otherwise:

**Antenna** - Telecommunications equipment that transmits and receives electromagnetic radio signals used in the provision of all types of wireless telecommunications services.

**Applicable codes** - Any of the following: 1) Uniform building, fire, electrical, plumbing, or mechanical codes adopted by a recognized national code organization or local amendments to those codes enacted solely to address imminent threats of destruction of property or injury to persons. 2) St. Lawrence Borough zoning, land use, streets and sidewalks, rights-of-way and permitting ordinances.

**Applicant** - A communications service provider that submits an application.

**Application** - A request submitted by an applicant to the Borough. 1) for a permit to collocate small wireless facilities; or 2) to approve the installation, modification, or replacement of a utility pole with small wireless facilities attached.

**Cable facility** - Buildings, other structures and equipment used by the owner or operator of a cable television system to provide service. As used in this definition, the term "cable system" shall have the meaning given to it in Section 602(6) of the Cable Communications Policy Act of 1984 (Public Law 98- 549, 47 U.S.C. § 522(7)).

**Collocation or collocate** - To install, mount, maintain, modify, or replace small wireless facilities on an existing utility pole or other wireless support structure.

**Communications facility** - A set of equipment and network components, including wires and cables and associated facilities, used by a communications service provider to provide a communications service.

**Communications service provider** - Any of the following:

- 1) A cable operator as defined in Section 602(4) of the Cable Communications Policy Act of 1984 (Public Law 98- 549, 47 U.S. C. § 522(5))
- 2) A provider of information service as defined in Section. 3(20) of the Communications Act of 1934 (48 Stat. 1064, 47 U.S.C.§ 153(24)).
- 3) A telecommunications carrier as defined in Section 3(44) of the Communications Act of 1934 (47 U.S. C. § 153(51)).
- 4) A wireless provider.

**Decorative pole** - A municipal pole that is specially designed and placed for aesthetic purposes.

**FCC** - The Federal Communications Commission.

**Historic district or building** - A building that is or a group of buildings, properties or sites that are: 1) Listed in the National Register of Historic Places or formally determined eligible for listing by the Keeper of the National Register. 2) Determined to be eligible for listing by the Keeper of the National Register of Historic Places who has been delegated the authority by a Federal agency to list properties and determine their eligibility for the National Register of Historic Places in accordance with Section VI.D. 1. a.i-v of the Nationwide Programmatic Agreement for Review Regarding the Section 106 National Historic Preservation Act Review Process as specified under 47 CFR Pt. 1, App. C (relating to Nationwide Programmatic Agreement Regarding the Section 106 National Historic Preservation Act Review Process). 3) Marked as a historical site by the Pennsylvania Historical and Museum Commission pursuant to 37 Pa.C. S. (relating to historical and museums). 4) Within a historic district created pursuant to the act of June 13, 1961 P.L.282, No. 167), entitled "An act authorizing counties, cities, boroughs, incorporated towns and Boroughs to create historic districts within their geographic boundaries; providing for the appointment of Boards of Historical Architectural Review; empowering governing bodies of political subdivisions to protect the distinctive historical character of these districts and to regulate the erection, reconstruction, alteration, restoration, demolition or razing of buildings within the historic districts.

**Micro wireless facility** - A small wireless facility that: 1) does not exceed two cubic feet in volume; and 2) has an exterior antenna no longer than 11 inches.

**Modification or modify** – The improvement, upgrade or replacement of a small wireless facility or an existing utility pole that does not substantially change, as defined in 47 CFR. § 1.6100(b)(7) (relating to wireless facility modifications), the physical dimension of the small wireless facility or utility pole.

**Municipality** – Borough of St. Lawrence.

**Municipal pole** - A utility pole owned, managed, or operated by or on behalf of the Borough of St. Lawrence.

**Right-of-way (ROW)** – The area on, below or above a public roadway, highway, street, sidewalk, alley, utility easement or similar property. The term does not include a Federal interstate highway.

**Small wireless facility (SWF)** - The equipment and network components, including antennas, transmitters, and receivers, used by a wireless provider that meet the following qualifications: 1) Each antenna associated with the deployment is no more than three cubic feet in volume. 2) The volume of all other equipment associated with the wireless facility, whether ground -mounted or pole -mounted, is cumulatively no more than 28 cubic feet. Any equipment used solely for the concealment of the small wireless facility shall not be included in the calculation of equipment volume under this paragraph.

**Technically feasible** - By virtue of engineering or spectrum usage, the proposed placement for a small wireless facility or its design or site location can be implemented without a material reduction in the functionality of the small wireless facility.

**Utility facility** - Buildings, other structures and equipment owned or operated by a public utility, as defined in 66 Pa.C.S. § 102 (relating to definitions), to provide service.

**Utility pole** - A pole or similar structure that is or may be used, in whole or in part, by or for telecommunications, electric distribution, lighting, traffic control, signage or a similar function or for collocation. The term includes the vertical support structure for traffic lights but does not include wireless support structures or horizontal structures to which signal lights or other traffic control devices are attached.

**Wireless facility** - As follows:

- 1) Equipment at a fixed location that enables wireless service between user equipment and a communications network, including any of the following:
  - i) Equipment associated with wireless services.
  - ii) Radio transceivers, antennas, coaxial or fiber optic cables, regular and backup power supplies, or comparable equipment, regardless of technological configuration.
- 2) The term includes a small wireless facility.
- 3) The term does not include any of the following:
  - i) The structure or improvements on, under or within which the equipment is collocated
  - ii) The coaxial or fiber optic cables that are not immediately adjacent to or directly associated with a particular antenna.

**Wireless infrastructure provider** - A person authorized by the Pennsylvania Public Utility Commission to provide telecommunications service in this Commonwealth that builds or installs wireless communication transmission equipment, wireless facilities or wireless support structures but is not a wireless services provider.

**Wireless provider** - A wireless infrastructure provider or a wireless services provider.

**Wireless services** - Services, whether at a fixed location or mobile, using a licensed or unlicensed spectrum, provided to the public using wireless facilities.

**Wireless services provider** - A person who provides wireless services.

**Wireless support structure** - The term shall have the same meaning given to it in the act of October 24, 2012 (P.L.1501, No.191), known as the Wireless Broadband Collocation Act.

#### **SECTION 4. RIGHT - OF - WAY RATES AND FEES.**

Wireless providers shall be required to pay an annual fee for the use of the right-of-way. The annual right-of-way fee shall initially be \$270 per small wireless facility or \$270 per new utility pole with a small wireless facility. The Municipality may amend the fee from time to time by resolution of Council of the Borough of St. Lawrence to a rate not to exceed the maximum rate which is found to be permitted by the Federal Communications Commission and/ or Small Wireless Facilities Deployment Act.

#### **SECTION 5. RIGHT OF ACCESS**

- 1) In accordance with the Small Wireless Facilities Deployment Act, and with the permission of the owner of the structure, a wireless provider shall have the right to perform the following within the public right-of-way: i) Collocate a small wireless facility. ii) Replace an existing utility pole or install a new utility pole with attached small wireless facilities.
- 2) Collocation - In accordance with the Small Wireless Facilities Deployment Act, collocation on Borough of St. Lawrence -owned poles may be permitted unless the small wireless facility would cause structural or safety deficiencies to the municipal pole, in which case the Borough of St. Lawrence and applicant shall work together for any make-ready work or modifications or replacements that are needed to accommodate the small wireless facility.
- 3) All structures and facilities shall be installed and maintained so as not to obstruct nor hinder travel or public safety within the right-of-way or obstruct the legal use of the right-of-way by the municipality and utilities.

#### **SECTION 6. PERMITTED USE, APPLICATION AND FEES**

- A) Permit Required. No person shall place a small wireless facility or associated utility pole in the ROW, without first filing an application and obtaining a permit therefore, except as otherwise provided in this Ordinance.
- B) Application. All applications for permits filed pursuant to this Chapter shall be on a form, paper or electronic, provided by the Borough of St. Lawrence.
- C) Application Requirements. An application shall be made by the wireless provider or its duly authorized representative, and shall contain the following:
  - 1) The wireless provider's name, address, telephone number, and email address;
  - 2) The applicant' s name, address, telephone number, and e- mail address, if different than the wireless provider, and its interest in the work;
  - 3) The names, addresses, telephone numbers, and e- mail addresses of all consultants, if any, acting on behalf of the applicant with respect to the filing of the application.
  - 4) A general description of the proposed work and the purposes and intent of the small wireless facility. The scope and detail of such description shall be appropriate to the nature and character

of the work to be performed, with special emphasis on those matters likely to be affected or impacted by the work proposed.

- 5) A site plan, with sufficient detail to show the proposed location of items the applicant seeks to install in the ROW, including any manholes or poles, the size, type, and depth of any conduit or enclosure.
  - 6) An attestation that the small wireless facilities will be operational for use by a wireless services provider within one year after the permit issuance date, unless the Borough of St. Lawrence and the applicant agree to extend this period.
  - 7) An attestation that, to the best of the applicant's knowledge, the information contained in the application is true.
  - 8) Whether each SWF is proposed to be installed on an existing pole or structure or a new pole or structure.
  - 9) The name of the owner of the pole or structure on which the SWF is proposed to be installed and the address, phone number, email address of the owner's contact person.
  - 10) If a SWF is proposed to be installed on a pole or structure owned by a party other than the applicant, the application shall be accompanied by a written confirmation of the owner's agreement to allow the applicant to locate each SWF on such owner's pole or structure.
  - 11) Documentation in form of both narrative and drawings indicating the size of each proposed SWF, the height of the pole or structure on which each is proposed to be installed, and the cubic volume of each SWF.
- D) When Application Not Required. An application shall not be required for: (i) routine maintenance; (ii) the replacement of a small wireless facility with another small wireless facility that is substantially similar or smaller in size, weight, and height; or (iii) for the installation, placement, maintenance, operation, or replacement of micro wireless facilities that are strung on cables between existing utility poles, in compliance with the National Electrical Safety Code. A permit may be required to perform work within the right-of-way for the activities under paragraph (D), for work that involves excavation, closure of a sidewalk or closure of a vehicular lane.
- E) Application Fees. All applications for permits shall be accompanied by a fee of \$500 for a single up-front application that includes up to five Small Wireless Facilities, with an additional \$100 for each Small Wireless Facility beyond five; and \$ 1,000 in non-recurring fees for each new associated utility pole. The municipality may amend the fee from time to time by resolution of Council of the Borough of St. Lawrence to a rate not to exceed the maximum rate which is found to be permitted by the Federal Communications Commission and/ or Small Wireless Facilities Deployment Act.
- F) Consolidated Applications. An applicant may submit a consolidated Application for up to 20 Small Wireless Facilities
- 1) A single Applicant shall not exceed application for 20 small wireless facilities in a 30 -day period.

- 2) The denial of one or more small wireless facilities in a consolidated application shall not delay processing of any other small wireless facilities in the same consolidated application,
- 3) A single permit may be issued for siting and collocating multiple Small Wireless Facilities spaced to provide wireless coverage in a contiguous area.
- 4) If multiple applicants submit applications cumulatively exceeding 20 applications within a 30 -day period, the extensions to deadlines provided for in the Small Wireless Facilities Act shall apply.

## **SECTION 7. ACTION ON PERMIT APPLICATIONS**

### **A) Review of Small Wireless Facility and Utility Pole Applications.**

- 1) Within ten (10) days of receiving an initial application, the Municipality will determine and notify the applicant whether the application is materially complete. If an application is materially incomplete, the Municipality will specifically identify the missing documents or information, and the specific rule or regulation creating the obligation to submit such documents or information. The shot clock set forth in subsection (2) shall restart at zero on the date which the applicant submits all the documents and information identified by the Municipality to make the application complete. If the applicant's supplemental submission fails to make the application complete, and the Municipality notifies the applicant within 10 days of the supplemental submission and clearly and specifically identifies the missing documents or information, the applicable shot clock set forth in subsection (2) shall be tolled until the applicant provides the missing documents and information. The shot clock resumes (the date calculation does not restart) to run on the date when the applicant submits all the documents and information identified by the Municipality to render the application complete.
- 2) All applications shall be processed on a nondiscriminatory basis, and the Municipality shall approve or deny an application for: (i) collocation of Small Wireless Facility on an existing structure within 60 days of receipt of the application, or (ii) within 90 days for applications to deploy a Small Wireless Facility using a new structure.
- 3) An applicant and the Municipality may enter into a written agreement to toll the time periods set forth in Subsection (2).
- 4) If the Municipality fails to issue a decision on an application for a Small Wireless Facility within the required time periods set forth in Section 4(A)(2), it shall constitute a deemed approved.
- 5) A Municipality may deny a proposed collocation of a small wireless facility or installation or modification of a utility pole only if the proposed application: i) The small wireless facility materially interferes with the safe operation of traffic control equipment, sight lines or clear zones for transportation or pedestrians or compliance with the Americans with Disabilities Act of 1990 Public Law 101- 336, 104 Stat. 327) or similar Federal or State standards regarding pedestrian access or movement. ii) The small wireless facility fails to comply with applicable codes. iii) The small wireless facility fails to comply with the requirements specified under the Small Wireless Facilities Deployment Act. iv) The applicant fails to submit a report by a qualified engineering expert which shows that the small wireless facility will comply with applicable FCC regulations.

- 6) The Municipality must document the basis for a denial, including the specific code provisions on which the denial was based, and send the documentation to the applicant on or before the day the Municipality denies an application. The applicant may cure the deficiencies identified by the Municipality and resubmit the application within 30 days of the denial without paying an additional application fee. The Municipality shall approve or deny the revised application within 30 days. Any subsequent review shall be limited to the deficiencies cited in the denial.
  - 7) The applicant may cure the deficiencies identified by the Municipality and resubmit the application within 30 days of receiving the written basis for the denial without being required to pay an additional application fee. The Municipality shall approve or deny the revised application within 30 days of the application being resubmitted for review or the resubmitted application shall be deemed approved 30 days after resubmission. Any subsequent review shall be limited to the deficiencies cited in the denial. If the resubmitted application addresses or changes other sections of the application that were not previously denied, the Municipality shall be given an additional 15 days to review the resubmitted application and may charge an additional fee for the review,
- B) Permit Scope and Effect. Installation, modification, or collocation for which a permit is granted pursuant to this section shall be completed within one year after the permit issuance date unless the Municipality and the applicant agree to extend this period. Approval of an application authorizes the applicant to:
- 1) Collocate on an existing utility pole, modify, or replace a utility pole or install a new utility pole with small wireless facilities attached as identified in the initial application.
  - 2) Subject to the permit requirements and the applicant's right to terminate at any time, operate and maintain small wireless facilities and any associated equipment on a utility pole covered by the permit for a period of five years, which shall be renewed for two additional five-year periods if the applicant is in compliance with the criteria set forth in the Small Wireless Facilities Deployment Act and applicable codes, and the applicant has obtained all necessary consent from the utility pole owner.
- C) Authority Granted; No Property Right or Other Interest Created. A permit from the Municipality authorizes an applicant to undertake only certain activities in accordance with this Chapter and does not create a property right or grant authority to the applicant to impinge upon the rights of others who may already have an interest in the ROW.

**SECTION 8. REGULATIONS APPLICABLE TO SMALL WIRELESS FACILITIES.**

- A) Wireless communications facilities shall be permitted as follows:
- 1) Small wireless communications facilities inside the public rights-of-way shall be permitted as a use by right in all Zoning Districts, provided that the proposed wireless communications facilities comply with the applicable requirements of this Ordinance and generally applicable permitting as required by the Borough of St. Lawrence Zoning Ordinance. Small wireless facilities pole or placed on an existing utility pole, shall be located outside the clear sight triangle at streets, driveway, and alleys.

- 2) Limit interference with the use of streets, sidewalks, alleys, parkways, public utilities, public views, certain city corridors, and other public ways and places. Clear sight triangle at streets, driveway, and alleys shall comply with Borough of St. Lawrence Zoning and Subdivision and Land Development Ordinances. Minimum clearance from sidewalk to bottom of SWF equipment shall be provided.

B) Development Regulations.

- 1) A new or replacement pole of any SWF and Wireless Support Structure shall not exceed thirty (30) feet. Any height in excess of these limits shall require application to the Zoning Hearing Board for a variance.
- 2) In accordance with industry standards, all SWF Applicants must submit documentation to the Borough Zoning Hearing Board justifying the total height of the SWF. Such documentation shall be analyzed on an individual basis.
- 3) If the applicant proposes to locate the related equipment in a separate building, the building shall comply with the minimum requirements for the applicable zoning district, and landscaping shall be required to screen as much of the equipment building as possible. An evergreen screen shall surround the site. The evergreen screen shall be a minimum height of six feet at planting and shall not exceed ten (10) feet on center.

C) Visual Appearance. SWFs shall employ stealth technology. All SWFs and Accessory Equipment shall be aesthetically and architecturally compatible with the surrounding environment and shall maximize the use of a like facade to blend with the existing surroundings and neighboring buildings to the greatest extent possible. The Borough shall consider whether its decision upon the subject application will promote the harmonious and orderly development of the zoning district involved; encourage compatibility with the character and type of development existing in the area; benefit neighboring properties by preventing a negative impact on the aesthetic character of the community; preserve woodlands and trees existing at the site to the greatest possible extent; and encourage sound engineering and land development design and construction principles, practices and techniques.

D) Prohibited on Certain Structures. No SWF shall be located on single-family detached residences, single-family attached residences, semi-detached residences, duplexes, or any other residential structure.

E) Third-Party Wireless Support Structures. Where a SWF is proposed for Collocation on a Wireless Support Structure that is not owned by the SWF Applicant, the SWF Applicant shall provide evidence to the Borough that the owner of the Wireless Support Structure has authorized the construction of the proposed SWF.

F) Engineer signature. All plans and drawings included in an application for a SWF shall contain a seal and signature of a professional engineer licensed in the Commonwealth of Pennsylvania.

G) Substantial Change. Any substantial change to a SWF shall be treated as an application for a new SWF in accordance with this Ordinance.

- H) Wind and ice. All SWFs shall be designed to withstand the effects of wind gusts and ice to the standard designed by the American National Standards Institute as prepared by the engineering departments of the Electronics Industry Association and Telecommunications Industry Association (ANSI/TIA-222, as amended), or the industry standard applicable to the structure.
- I) Public safety communications. SWFs shall not interfere with public safety communications, or the reception of broadband, television, radio, or other communication services enjoyed by occupants of nearby properties.
- J) Radio frequency emissions. A SWF shall not, by itself or in conjunction with other SWFs, generate radio frequency emissions in excess of the standards and regulations of the FCC, including but not limited to, the FCC Office of Engineering Technology Bulletin 65 entitled "Evaluating Compliance with FCC Guidelines for Human Exposure to Radio Frequency Electromagnetic Fields," as amended. The SWF Applicant shall submit proof of compliance with all applicable standards relating to radio frequency emissions as part of any complete SWF application.
- K) Noise. SWFs shall be operated and maintained so as not to produce noise in excess of applicable noise standards under state law and the Borough Zoning Ordinance, except in emergency situations requiring the use of a backup generator, where such noise standards may be exceeded on a temporary basis only as permitted by the Borough.
- L) Non-conforming Wireless Support Structures. SWFs shall be permitted to collocate upon existing non-conforming wireless support structures. Collocation of SWFs upon existing wireless support structures is encouraged even if the wireless support structure is non-conforming as to use within a zoning district.
- M) Indemnification. Each Person that owns or operates a SWF shall, at its sole cost and expense, indemnify, defend and hold harmless the Borough, its elected and appointed officials, employees, engineer, legal counsel, and agents, at all times against any and all claims for personal injury, including death, and property damage arising in whole or in part from, caused by or connected with any act or omission of the Person, its officers, agents, employees or contractors arising out of, but not limited to, the construction, installation, operation, maintenance or removal of a SWF. Each Person that owns or operates a SWF shall defend any actions or proceedings against the Borough in which it is claimed that personal injury, including death or property damage, was caused by the construction, installation, operation, maintenance, or removal of a SWF. The obligation to indemnify, hold harmless, and defend shall include, but not be limited to, the obligation to pay judgements, injuries, liabilities, damages, reasonable attorney's fees, reasonable expert fees, court costs, and all other costs of indemnification.

**SECTION 9. DESIGN CRITERIA AND PERMIT REVIEW.**

- A) Upon receipt of a completed application for a SWF Permit and all required fees, the Borough Manager and/or the Borough of St. Lawrence's Engineer or his or her respective designee shall review the application to determine whether the proposed SWF and support structure or pole comply with the following design criteria:
  - 1) The structure on which antenna facilities are mounted:

- (a) an existing utility pole, provided the installation does not extend more than 5 feet above the pole; and
  - (b) a new or replacement pole are not taller than 30 feet. Any height in excess of these limits shall require application to the Zoning Hearing Board for a variance.
- 2) Each antenna associated with the deployment (excluding the associated equipment) i) May be no more than three cubic feet in volume; and ii) All other equipment associated with the facility (excluding antennas) are cumulatively no more than 28 cubic feet in volume.
- B) The Borough may adopt by resolution Small Wireless Facility Design Guidelines with objective, technically feasible criteria applied in a nondiscriminatory manner that reasonably match the aesthetics and character of the immediate area.
  - 1) The Small Wireless Facility Design Guidelines may include examples of SWF preferences including visual depictions (if readily available and identified by the Borough of St. Lawrence).
  - 2) The provisions in this Chapter shall not limit or prohibit the Borough of St. Lawrence's discretion to promulgate and make publicly available other information, materials or requirements in addition to, and separate from, Small Wireless Facility Design Guidelines so long as the information, materials, or requirements do not conflict with state or federal law.
- C) All Small Wireless Facilities and associated equipment within the Public Right -of -Way shall be located such that it meets ADA requirements and does not hinder, obstruct or impede usual pedestrian and vehicular travel.
- D) The Borough shall have authority to update or supplement the Small Wireless Facility Design Guidelines to address relevant changes in law, technology, or administrative processes.
- E) Wireless Support Structure Design Standards - General Guidance:
  - 1) SWF equipment must be indistinguishable from the support pole or structure to the greatest degree possible using matching colors, textures, and materials. The antennas and related equipment shall be in a color that will provide the most camouflage.
  - 2) All wires, antennas, and other small wireless facility equipment shall be enclosed and not visible.
  - 3) Screening and equipment enclosures shall blend with or enhance the surrounding context in terms of scale, form, texture, materials, and color. Equipment shall be concealed as much as possible by blending into the natural and/ or physical environment.
  - 4) Casing to enclose all wires, antennas, and other small wireless facility equipment may be mounted on top of existing and new poles in a cylinder shape to look like an extension of the pole.
  - 5) Brand logos and other signage are prohibited on all SWF except contact information to be used by workers on or near the SWF and as otherwise required by federal or state law. Signage will be no larger than required to be legible from street level.

**SECTION 10. REMOVAL OF EQUIPMENT.**

- A) Within 60 days of suspension or revocation of a permit due to noncompliance with applicable codes, the applicant shall remove the small wireless facility and any associated equipment, including the utility pole and any support structures if the applicant's wireless facilities and associated equipment are the only facilities on the utility pole, after receiving adequate notice and an opportunity to cure any noncompliance.
  
- B) Within 90 days of the end of a permit term or an extension of the permit term, the applicant shall remove the small wireless facility and any associated equipment, including the utility pole and any support structures if the applicant's wireless facilities and associated equipment are the only facilities on the utility pole.

**SECTION 11. RESTORATION OF RIGHT OF WAY.**

Applicants are required to repair all damage directly caused by the activities of the applicant and return the right-of-way in as good of condition as it existed prior to any work being done. If the applicant fails to make the repairs required by the Municipality within 30 days after written notice, the Municipality may perform those repairs and charge the provider the reasonable, documented cost of the repairs plus a penalty not to exceed \$500. The Municipality may suspend the ability of an applicant to receive a new permit from the Municipality until the applicant has paid the amount assessed for the repair costs and the assessed penalty.

**SECTION 12: REPEALER.**

All ordinances, resolutions and parts of ordinances and resolutions inconsistent herewith, are hereby repealed.

**SECTION 13: SEVERABILITY.**

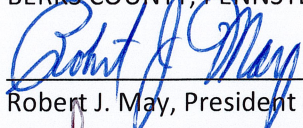

The provisions of this ordinance are severable, and if any section, sentence, clause, part, or provision hereof shall be held illegal, invalid, or unconstitutional by any court of competent jurisdiction, such decision of the court shall not affect or impair the remaining sections, sentences, clauses, or parts of this Ordinance. It is hereby declared to be the intent of the Borough Council that this Ordinance would have been adopted if such illegal, invalid, or unconstitutional sections, sentence, clause, part, or provision had not been included therein.

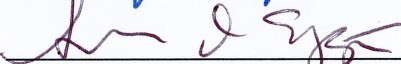

**SECTION 14: ADOPTION.**

This ordinance shall become effective on the earliest date allowed by applicable law.

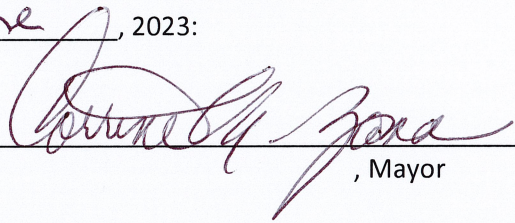

ENACTED AND ORDAINED this 8<sup>th</sup> day of June, 2023.

BOROUGH OF ST. LAWRENCE  
BERKS COUNTY, PENNSYLVANIA

By:   
Robert J. May, President of Council

Attest:   
Susan Eggert, Borough Secretary

Approved as an Ordinance this 8<sup>th</sup> day of June, 2023:

Attention:**

**STATE OF PENNSYLVANIA,**

The undersigned , being duly sworn the he/she is the principal clerk of Reading Eagle, Reading Eagle Digital, published in Berks County for the dissemination of local or transmitted news and intelligence of a general character, which are duly qualified newspapers, and the annexed hereto is a copy of certain order, notice, publication or advertisement of:

**PUBLIC HEARING AND ENACTMENT NOTICE**

NOTICE IS HEREBY GIVEN that the Borough Council of the Borough of St. Lawrence, Berks County, Pennsylvania, will hold a public hearing on Thursday, June 8, 2023, commencing at 7:30 p.m. at the Borough of St. Lawrence Municipal Building, 3540 St. Lawrence Avenue, Reading, Pennsylvania 19606 for the purpose of considering an amendment to Ordinance No. 416, the Borough of St. Lawrence Zoning Ordinance, as amended (the "Zoning Ordinance"). The Borough Council will consider enactment of the amendment to the Zoning Ordinance at its meeting immediately following the hearing. A summary of the amendment to the Zoning Ordinance is as follows:

**AN ORDINANCE OF THE BOROUGH OF ST. LAWRENCE, BERKS COUNTY, PENNSYLVANIA, AMENDING ORDINANCE 416, THE BOROUGH'S ZONING ORDINANCE, TO PROVIDE FOR SMALL WIRELESS FACILITIES; AND REGULATE SMALL WIRELESS FACILITIES, WITHIN THE PUBLIC RIGHTS-OF-WAY IN THE BOROUGH OF ST. LAWRENCE.**

A copy of the full text of the proposed amendment to the Zoning Ordinance may be examined without charge or obtained for a charge not greater than the cost thereof at the St. Lawrence Borough Hall, 3540 St. Lawrence Avenue, Reading, Pennsylvania 19606 or at the Berks County Law Library, Berks County Courthouse, 633 Court Street, 10th Floor, Reading, Pennsylvania 19601.
