Mountain View Golf Course

18 Holes of “Fun and Fair” Golf!

The 18-hole Mountain View Course wanders around a wooded plateau between The Woods Pro Shop and the Third Hill Mountain which dominates its views. Most holes play flat and fair, but many golfers are happy to ride carts up and down the hills between some greens and tees. Carved from a forest, Mountain View’s fairways are framed by dogwood, maple, oak, and pine trees. A variety of housing types and architectural styles line the fairways. Be sure and check out the 18 hole [Stony Lick](#) mid-length golf course.
