“Introducing The ReSDR”

Some Facts:

1. The global elite have privatised the acquisition of wealth for themselves and socialized DEBT for you, the many. When things go good for them they take the profit – when it goes bad, they hand the bill to you. Is this morally right? Should any politician support such theft? Of course not – so let’s remedy it shall we.
2. Less than 0.01% of the worlds money is in the hands of the people who provide the goods and services which pay for this world to continue turning, yet...
3. Conversely, 99.9% of this wealth is in the hands of those who “look after the cheque books, control the money supply, and do the accounting they’re called bankers and banking cronies!” Does this give you any insight as to who, what, how and why the bankers control the world?
4. Politicians are lying, cheating, good for nothing hypocrites who promise the world and deliver a bill. They are compromised and there to do one thing and one only – deceive you. It’s the Game.
5. **Quantitative Easing** (QE) 1,2,3 and **TARP** was offered to the corporatocracy and banks via a “bail-out” system but not offered to the people. All you were offered was the bill! This has been the largest ever singular divestment of wealth from one fraction of society to the other... EVER.

6. The international bankers bailed out the toxic debt of their corporate friends and cronies with a mechanism called TARP (Toxic Asset Repurchase Program) – in effect debt eradication for the elite, but NOT for you. This we now address here on your behalf.
7. The world and you are kept in a constant state of war – war keeps you frightened, poor and needy. Bankers pay for war and fund war. Period!
8. Terrorism, a war-mongers 1st cousin, is a planned destruction of your equilibrium and state of well-being, and engineered to keep you believing in the “Power of Nightmares!”
9. Bankers pay for governments not vice versa. Think about it. If you want to become the ruler of a land full of people, first you need money for the troops and the campaign to conquer and then control and enforce obedience, which all needs paying for. Question: “From where do you get it?” Answer: “Ask a banker.”
10. The Euro Payment Zone experiment was “an experiment set up to fail” and set up for a limited lifespan to ensure that a financial tinder-box could be lit under the populations of Europe and ignited when it was time to introduce a ONE WORLD CURRENCY under the auspices of “saving the world economy” from collapse. This currency is called the SDR – Special Drawing Right. WeRe Bank also offers the SDR but to the people.
11. This ONE WORLD CURRENCY of the Old World Satanic Order is called the SDR and the IMF is already trading it and has been doing for some time now. China joined the Club on the 1st October 2016
12. The European Central Bank and all High Street banks in Europe, know that the Euro currency is in imminent threat of collapse. This is also true of the world economic markets too. They are preparing for it while you sleep and watch night-time TV.

Why?

The sheer weight of debt that’s why which can never, ever be paid off and so, has to be eradicated, somehow! That somehow NEVER EVER ALLOWS for debt forgiveness, so has to be dissipated via “the introduction of negative capacitance” into the circuit – for that READ WAR!!

TOTAL GLOBAL DEBT IS \$100 TRILLION DOLLARS...

that’s around \$14 million of debt for every human being on the planet

Time Is Moving Energy

That debt is owed by the governments of Europe – to each other. However, what this means is that YOU the tax payer owe this money to private international stock-market capitalists, who are in effect the shareholders of the countries assets. This game of debt inclusion is a deliberate plan – it is social engineering at its finest and set up always to appear as if “natural

market forces” were to blame for the economic, social, mental and spiritual destruction which ensues, when in fact the true cause is at the planned conference tables of bankers and their corporate cohorts. The corporatocracy has overtaken the world and all sense is now long gone – all that lies in store is pain, misery, lack, want and war. It can be prevented though! How? Read on.

The United States, Germany, France, Spain, Italy, Portugal, Greece and the UK are all “private corporations” trading under names that mimic those of that country’s previously accepted name.

Total world debt is so high that the figures mean nothing – they have now become mathematical constructs only. Total global debt is over 70 trillion and if we incorporate the derivatives and stock markets it is in the quadrillion range.

In short it can never be paid off – in short it is a rampage of deficit spending fuelled by sheer greed and irresponsibility born of Satanism and destruction – in short it is prompted and overseen by very evil entities.

This cycle of war, rebuilding, prosperity, pull back, economic downturn and then war again is a set agenda. It is there simply to keep you locked in a position as an orphaned child of God, needy, cold, helpless and destitute with no way perceivable way out.

The permanence of war is the only constant on this planet – it is War! War! And more War! A permanent state of war is Hell! Do you know who rules that kingdom of hell? The answer gives you the name of your Masters – the politicians, the corporations, the media, the local councils and the mayors, the bankers above all and The Church of Rome, which includes the Zionist Jewery, which governs it all.

ReMember

ReMember that all “money” production/generation is a function of effort. All effort results in “goods and/or services” being provided or generated. All energy/effort is electrical. All energy is time based spending.

The IMF and World Bank are determined to introduce a One World Currency before the end of 2018.

This means that you have a maximum of 12 months to prepare and head this totalitarian control of the money supply off.

WeRe Bank can provide you with the tools to do this, but it does mean that you have to make the effort to:-

1. Understand the banking system which has enthralled and captured you in a net of deceit and negativity and
2. Make a pledge to your ancestors and future children that you will now remedy the frightful situation by accepting the Re as the **PlanetReServe** Monetary Unit PRMU.

However, you should note that we **DO NOT** exchange fiat currency for Re – we **TRANSMUTE** it! There is no correspondence between our accepting your fiat currency and the issuing of Re. The issuance of Re is **TOTALLY AT OUR DISCRETION AND NOT DEPENDENT UPON OR A FUNCTION OF YOUR SUPPLYING CASH/NOTES/OR VALUE TO WeRe Bank.**

As **ReSDR** is NOT currently recognised as a monetary unit by any of the Central Banks – therefore it is immune from taxation and financial surveillance by the “other side” – the Zionist corporatocracy and banking state cartels.

We would suggest that you place a minimum onto your card of **ReSDR120.00**. This will currently cost you €/\$/£100.00. With 20% shop discount then this will mean at least 40% increase in spending power **JUST BY CHOSING TO SPEND IN ReSDR** as opposed to Euro (€) £/\$/€/CHF etc
