

401Future: A Conservative Path to Solvency

A transformative policy proposal built for a conservative future. It restores solvency, respects personal responsibility, and replaces generational debt with generational wealth.

This is not a bailout. It's a handoff—from broken promises to owned futures.

Why It Matters to Conservatives

Ends Entitlement-Driven Borrowing

Trims \$11.6 trillion in federal debt.

Replaces Tax-Spend-Waste Cycles

Bond-backed personal accounts put you in control.

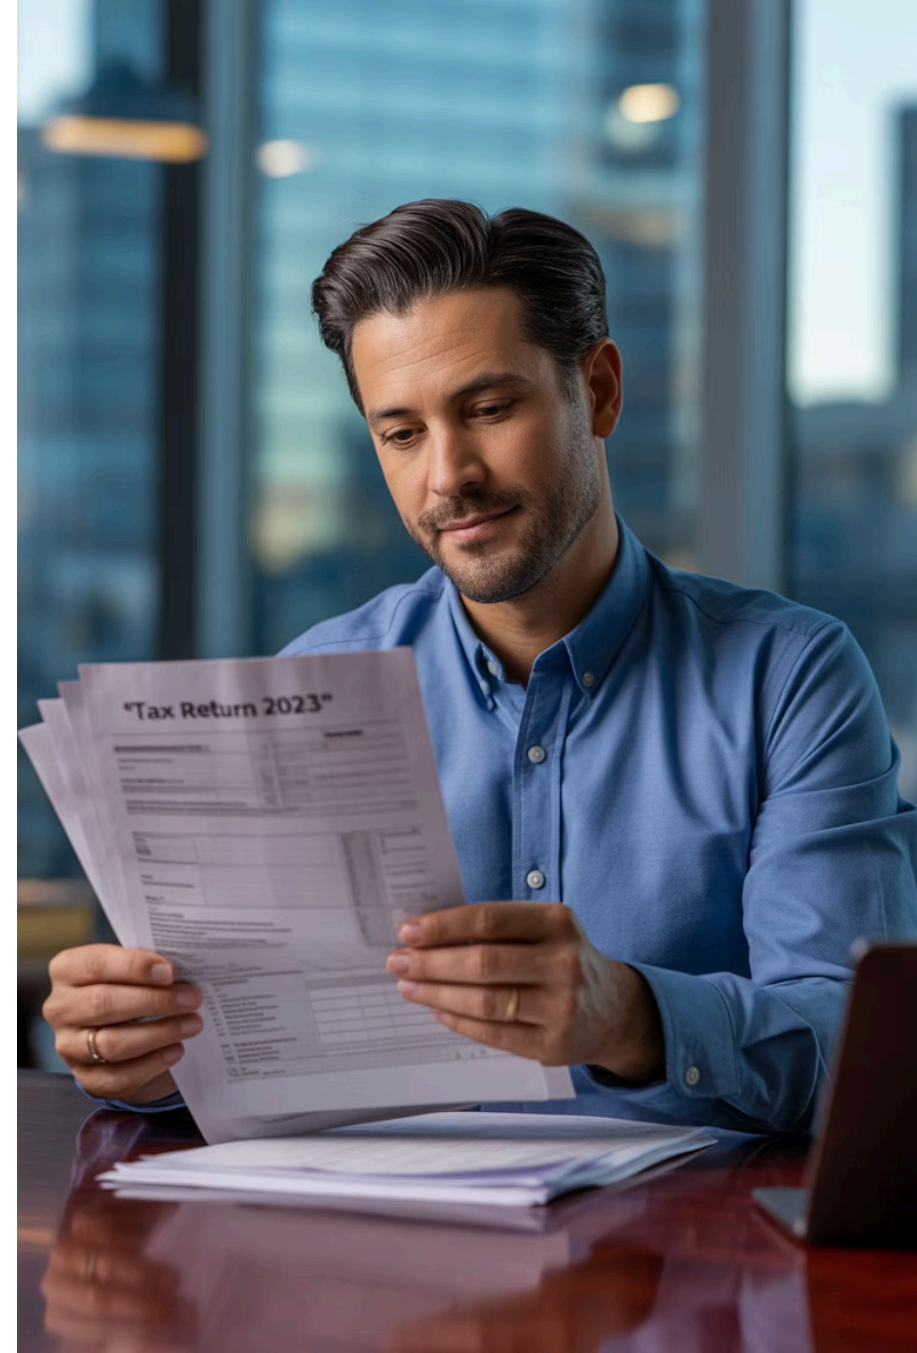

Respects the Taxpayer

Every dollar earns, compounds, and transfers.

Shifts Control

From federal bureaucracy to the working citizen.

SS401: Personal Retirement Accounts

Redirect Payroll Tax

12.4% goes into personal Treasury bond-backed accounts.

Generate Yield

Bond yields fund retirement needs.

Grow Principal

Your investment grows over time.

Pass It On

Principal becomes inheritable wealth.

Med401: Personal Health Accounts

Medicare Taxes
Fund personal health accounts.

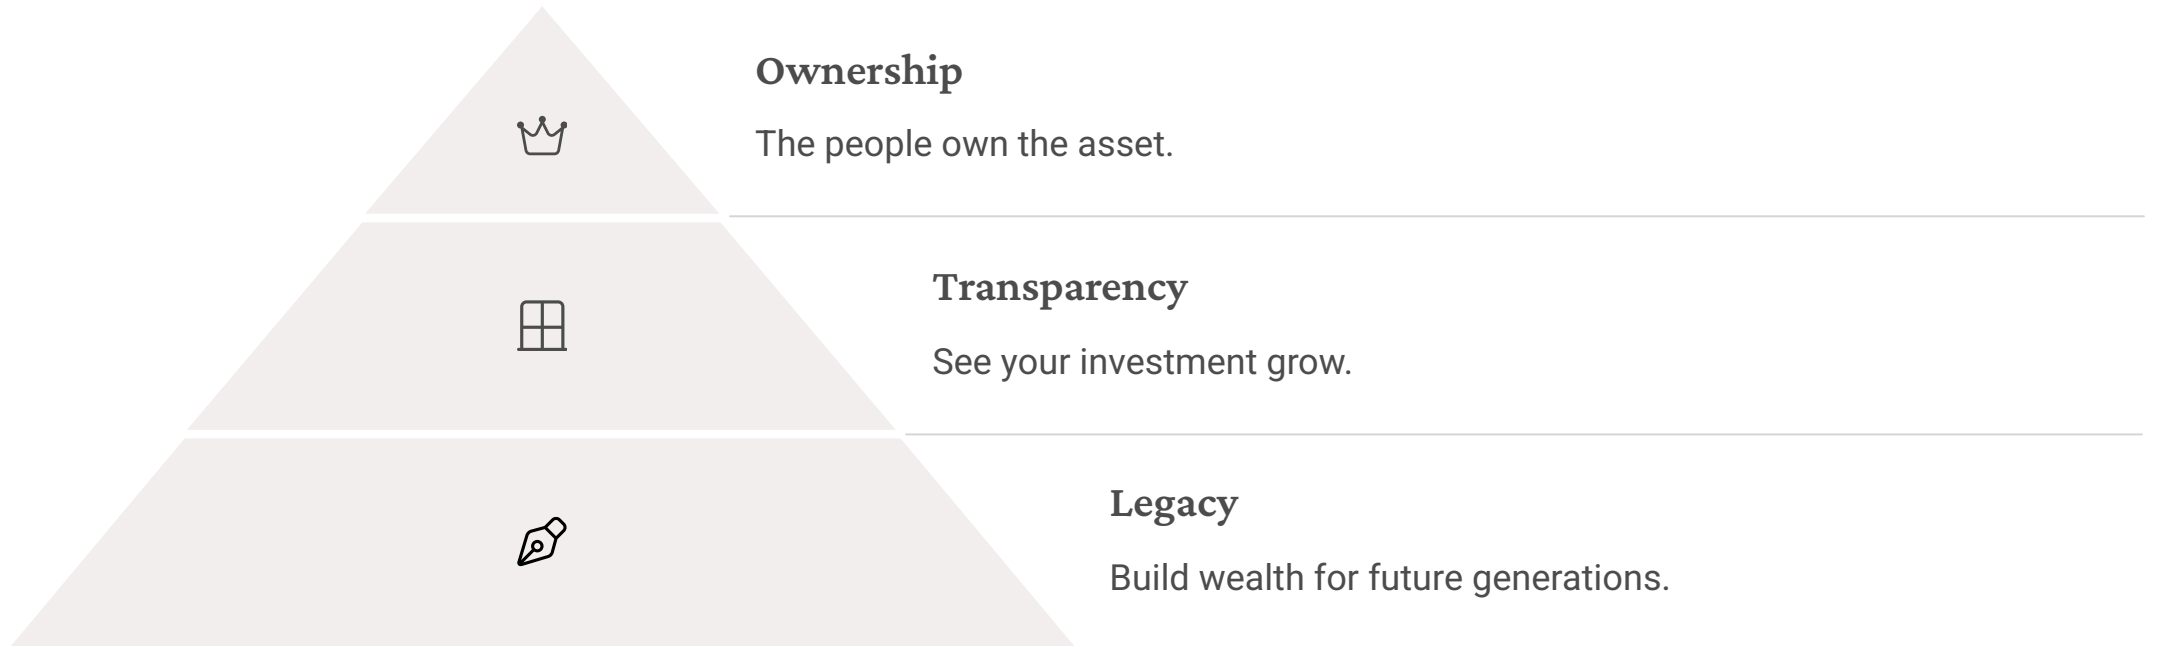

Freedom
No employer dependency.

Treasury Bonds
Back your health security.

Coverage
Bond yield covers healthcare costs.

Not Another Government Program

This is a public reset. Treasury yield replaces IOUs. Not welfare. Not privatization.

Financial Impact

\$11.6T

Debt Reduction

Federal debt trimmed.

45%

Spending Cut

Potential federal spending reduction.

0

New Taxes

No additional tax burden.

Runs on existing IRS and Treasury infrastructure. No new technology needed.

Implementation Simplicity

Existing Infrastructure

Uses current IRS and Treasury systems.

Clear Ownership

Direct bond-backed accounts for citizens.

Seamless Transition

From entitlements to owned assets.

Join the Coalition

Your Voice Matters

Help bring fiscal truth back to America.

Conservative Values

Personal dignity and responsibility in action.

American Promise

"We don't need to raise taxes—we need to raise expectations."

We're assembling the coalition to move this forward. If you're aligned with the vision, let's connect and carry it into action.
