

Shenandoah Valley School District

Milk Substitution Form

Institutions or organizations who sponsor and operate a federally funded Child Nutrition Program must make reasonable substitutions to meals and/or snacks on a case-by-case basis for participants who are considered to have a disability that restricts their diet: School Nutrition Program - 7 CFR 210.10(m), Child and Adult Care Food Program - 7 CFR 226.20 (g), Summer Food Service Program - 7 CFR 225.16(f)(4). According to the ADA Amendments Act, most physical and mental impairments that substantially limit or affect one or more major life activities or bodily functions will constitute a disability.

Sponsors are not required to accommodate special dietary requests that do not constitute a disability, including requests related to religious or moral convictions or personal preference. If these requests are accommodated, sponsors must ensure that all USDA meal pattern and nutrient requirements are met.

This form must be completed by a licensed physician, physician assistant, or an advanced practice registered nurse, such as a certified nurse practitioner. **This medical form must be completed annually.**

Submit this completed special diet statement to: Theresa Knipe, Cafe Manager

Participant Information

Participant's Name: _____ Today's Date: _____

Last/First/Middle Initial

Name of School/Center/Site Attended: _____ Date of Birth: _____

Parent/Guardian Name : _____

Home Phone Number: _____ Work Phone Number: _____

Fluid Milk Substitution:

The above listed student does not have a disability, but is requesting a fluid milk substitute due to a medical or special dietary need.

The School Food Authority offers Lactaid as a milk substitute to students with non-disabling or other dietary needs. The milk substitution meets all nutrient requirements required by federal regulations.

This written statement will remain in effect until the parent or legal guardian revokes such statement or until the school discontinues the fluid milk substitution option. School districts and agencies participating in federal nutrition programs are encouraged, but not required to accommodate reasonable requests.

Parents or legal guardians are only required to sign for Lactose-reduced or Lactose-free milk substitution without a Physician's or medical authority signature.

Requesting milk substitution:

Signature of Parent/Legal Guardian:

School Meal Modifications for Children with Disabilities

Schools participating in a federal school meal program (National School Lunch Program, School Breakfast Program, Fresh Fruit and Vegetable Program, Special Milk Program, and Afterschool Snack Program) are required to make reasonable accommodations for children who are unable to eat the school meal because of a disability that restricts the diet.

1. State Licensed Healthcare Professional's Statement for Children with Disabilities

U.S. Department of Agriculture (USDA) regulations at [7 CFR 210.10\(m\)](#) and [7 CFR 220.8\(m\)](#) require substitutions or modifications in school meals for children whose disability restrict their diet. School food authorities must provide modifications for children on a case-by-case basis when requests are supported by a written statement signed by a State licensed healthcare professional. By July 1, 2025, school food authorities must also accept a medical statement signed by a registered dietitian. The modification requested must be related to the disability or limitations caused by the disability and must be offered at no additional cost to the child or household.

The third page of this document ("Medical Plan of Care for School Food Service") may be used to obtain the required information from the State licensed healthcare professional or registered dietitian. In Pennsylvania, the following may sign the medical statement:

- Physician
- Physician assistant
- Certified registered nurse practitioner
- Dentist
- Registered dietitian

The written medical statement must include:

- An explanation of how the child's physical or mental impairment restricts the child's diet;
- An explanation of what must be done to accommodate the child; *and*
- The food or foods to be omitted and recommended alternatives, if appropriate.

Modified meals that do not meet USDA meal pattern requirements are reimbursable only when supported by a valid medical statement for a student with a disability that affects their diet. Meal substitutions that adhere to Program regulations are reimbursable with or without a medical statement.

2. Meal Variations for Non-disability Reasons

School food authorities are encouraged to plan and prepare meals and after school snacks that consider children's dietary preferences. Special meal requests related to general health concerns, personal or cultural preferences, and moral or religious convictions are not based on a disability and are *optional* for school food authorities to accommodate. Meal modifications for non-disability reasons must adhere to Program regulations.

3. Rehabilitation Act of 1973 and the Americans with Disabilities Act

Under Section 504 of the *Rehabilitation Act of 1973*, the *Americans with Disabilities Act (ADA) of 1990*, the *ADA Amendments Act of 2008*, and USDA regulations at [7 CFR Part 15b](#), a person with a disability means any person who has a physical or mental impairment that substantially limits one or more major life activities or major bodily functions, has a record of such an impairment, or is regarded as having such an impairment.

A physical or mental impairment does not need to be life threatening to constitute a disability. If the impairment limits a major life activity, it is considered a disability. *Major life activities* include, but are not limited to: caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working. A major life activity also includes the *operation of a major bodily function*, including but not limited to: functions of the immune system; normal cell growth; and digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

4. Individuals with Disabilities Education Act

A child with a disability under Part B of the *Individuals with Disabilities Education Act* (IDEA) is described as a child evaluated in accordance with IDEA as having one or more of the recognized thirteen disability categories and who, by reason thereof, needs special education and related services. The Individualized Education Program (IEP) is a written statement for a child with a disability that is developed, reviewed, and revised in accordance with the IDEA and its implementing regulations. When nutrition services are required under a child's IEP, school officials need to ensure that school food service staff is involved early in decisions regarding special meals. If an IEP or 504 plan includes the same information that is required on a medical statement (see section 1, above), then it is not necessary to obtain a separate medical statement.

USDA Nondiscrimination Statement

In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity.

Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotope, American Sign Language), should contact the responsible state or local agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339.

To file a program discrimination complaint, a Complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form which can be obtained online at: <https://www.usda.gov/sites/default/files/documents/USDA-OASCR%20P-Compla1nt-Form-0508-0002-508-11-28-17Fax2Mail.pdf>, from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

1. **mail:**
U.S. Department of Agriculture
Office of the Assistant Secretary for Civil Rights
1400 Independence Avenue, SW
Washington, D.C. 20250-9410; or
2. **fax:** (833) 256-1665 or (202) 690-7442; or
3. **email:** program.intake@usda.gov.

This institution is an equal opportunity provider.

ATTENTION: If you speak Spanish, language assistance services, free of charge, are available to you. Contact your child's school.

ATENCIÓN: Si habla español, tiene a su disposición servicios gratuitos de asistencia lingüística. Comuníquese con la escuela de su niño.
