

Business After Hours:

Among the many great benefits of membership in our Tri-State Chamber of Commerce (TSC) is Business After Hours (BAH).

Held monthly, BAH offers current and potential TSC members the unique opportunity of networking in a relaxed social forum.

BAH also serves as an “open house,” wherein member Hosts have the chance to give a short, informative presentation about their business. Sometimes attendees of BAH are familiar with the Host business and sometimes it is their first introduction. Whatever the case, there is always a sharing of new information! Attendees of BAH are also given the opportunity to inform the group about events happening with their businesses.

BAH is publicized through the TSC weekly Newsletter, via direct invitation, and over social media channels. Average attendance is generally a diverse group of about 50.

Anyone is invited to become a Host, and it’s easy to do! Want to host, but don’t have a store front? Have a store front, but not a lot of time for planning? We can help partner you with a Co-Host!

To plan your BAH, contact Vice President Mary Wilbur via email or phone. You will be helped with the planning, organization and execution of your event, to whatever extent needed.

If you are planning on attending a BAH, it is imperative that you RSVP in a timely manner!!! BAH Hosts put a lot of effort into their events, and need your RSVP to plan accordingly for food and beverage.
