PRESIDENT'S MESSAGE: WHAT IS HAPPENING TO OUR COUNTRY?????

Every day brings a new initiative, spending bill or executive order that puts America last and/or adversely affects some sector of our citizenry. As I see it, these are not Right or Left issues. In speaking to my liberal and Democrat acquaintances, we have more in common that this Administration will acknowledge.

NO ONE with a heart wants to see abandoned children in inhumane housing on our border. NO ONE wants to see anyone physically harmed or any of the other atrocities occurring now.

Who can say that Dr. Seuss, Mr. Potato Head, Aunt Jemima, Uncle Ben's Rice, Mike Lindell (My Pillow), Goya Foods, and sadly, Presidents Washington, Lincoln, Jefferson should be canceled? Is our society that intolerant and ignorant of history?

Over 70% of Americans favor voter ID yet HR1 denies the will of the people with government controlled liberal and unregulated voting procedures that unconstitutionally removes election authority from the States and provides more opportunity for fraud such as duplicate votes. And worse, we are led to believe that Georgia's strengthening of their voting laws is "Jim Crow 2.0" and "Jim Crow on steroids" ignoring the real meaning of those words and the era which no American would ever want to see repeated.

Our children and grandchildren will face enormous financial burdens for monies unnecessarily distributed to the unqualified, undocumented and incarcerated. I know of international students who recently received a relief check after working for a summer and then returning home. Unemployment benefits that have been extended through September are resulting in employee shortages for businesses that are trying to recover from pandemic related closures. Even more unsettling are projects tied to relief and infrastructure bills that support unrelated projects and foreign countries. Excessive spending will bring higher taxes. More regulation will bring higher costs to consumers.

I'm dismayed every day. I shake my head; what is this Administration thinking? Where is the logic? Where is the accountability?

In his inaugural address President Biden stated, "... Today, on this January day, my whole soul is in this: bringing America together. Uniting our people. And uniting our nation." Mr. President, we are waiting.

Beth Rodier
President

CARING FOR AMERICA: Our troops need snacks. If it's possible we would like to collect some at our April General Meeting. Please bring fresh, individually wrapped small packages of cheese and crackers, cookies, food bars or any such snack that you think the soldiers would like. As always, Kathleen Tallman will deliver them to the USO. Our generosity is greatly appreciated.

Don't forget to visit the Vietnam Veterans Travelling Wall which will be in Ocean Pines from April 22—25 and let your friends and neighbors know about it. Thank you.

Vera Beck
Chair

MEMBERSHIP: Hello Everyone. As membership chair I have good news and not so good news to relate. The good news is that we have 83 renewals and 18 new members as of this date. Unfortunately, 24 members and 7 associate members have not renewed and are not considered members in good standing and will no longer receive our emails and updates. I know that this has been a very different year for the club but we are working diligently to continue the mission of the RWWC. Hopefully, those who have been remiss in sending in the dues will reconsider and join us for the activities that are planned for the coming year and will still send their dues to P.O. Box 1292, Berlin, MD 21811 or go to the website to pay through PayPal. We miss you!

Mary Adair
Membership Chair

When you click send/submit your report goes to our President, Beth Rodier, who keeps a composite list of the hours for me as your Awards Chairman. Thank you.
