

## THE CRAZY SEAL ROOFING SYSTEM

The ultimate seamless  
roofing system backed by  
a 50 year warranty.

Join thousands who are using the  
**CRAZY SEAL ROOFING SYSTEM**  
to take control of their roof.

## WHAT IS CRAZY SEAL?

**CRAZY SEAL** is a revolutionary, liquid-applied roofing system that is seamless, permanent, and backed by a fifty year product warranty.

The secret to Crazy Seal is its simple 3 step system composed of high grade silicone infused with fibers. This combination creates incredible strength and versatility without sacrificing flexibility and elongation.

Because of its versatility, the Crazy Seal Roofing System can be applied to thousands of different applications including recreational vehicles, mobile facilities, travel trailers, restaurants, hotels, apartment complexes, commercial offices, convenience stores, retail shopping centers, warehouses, storage facilities, education buildings, workshops, and more!

**THE APPLICATIONS ARE ENDLESS!**

**OUR MASCOT CRAZY  
CURTIS SAYS, "THE PROOF  
IS IN THE PUDDING!"**

*"We could not be more pleased with the Crazy Seal product." ★★★★★ - **PHILIP P.***

*"Very pleased with the application and looks like a new roof on my motor home." ★★★★★ - **NELSON B.***

*"THANK YOU for a great and reassuring experience! I have already referred this system to 3 family and friends. I'm looking forward to a very long, assured feeling of protection from water intrusion."*

★★★★★ - **DAVID V.**

*"Great product, went on like advertised and ended up with a great looking roof that will last a long time."*

★★★★★ - **DENNIS D.**

*"Very satisfied. Best product ever! Would recommend it to anyone looking to be Once & Done."*

★★★★★ - **ROBERT D.**

## OUR 3 PART SEALING SYSTEM

**CRAZY CAULK** is a fiber infused, silicone, moisture-curing sealant with excellent adhesion to most surfaces. Crazy Caulk is generally used to seal seams.

**CRAZY PATCH** is a fiber-infused, silicone, self-leveling mastic. It is generally used to seal all existing penetrations, but can also be used as a single component repair product to patch leaks.

**CRAZY SEAL** is a weather-proof, fiber-infused silicone roof coating. The unique fiber-infused silicone makeup of Crazy Seal remains permanently flexible yet strong.

Our products form a perfect bond when applied together. This creates a seamless, permanent membrane that bonds directly to every square inch of the roof. You now have a custom-fit membrane with no resealing or maintenance required.

## PROFESSIONAL INSTALLATION

**STEP 1: INSPECTION**

**STEP 2: CLEAN & PREP THE ROOF**

**APPLY CRAZY CAULK**
