

Marriage Restoration Testimony

During a dark season of life my husband after 19 years of marriage moved out and we were separated for 4 years. Through those years I would hear songs in my mind as I was in prayer so I would go and Sing the Psalms to these melodies that I was hearing. He has brought so much life and healing to my soul through declaring His word in song. I love to share the testimony of these Songs and stories of Gods deliverance and faithfulness. After 4 years of separation and on our way to divorce, Jesus stepped in and absolutely transformed our lives and marriage. He completely restored us and we have been now reconciled for 6 years, married this year 30 years. We have been completely changed and transformed because of the presence and help of the Holy Spirit.

Now, at 53 and being empty nesters my heart is to share these songs and stories of healing to bring hope and encouragement to others. Especially those struggling in a hopeless marriage, discouragement and mental illness,

If you or perhaps others that you may know are looking for this kind of ministry in music and the powerful testimony of reconciliation and restoration , I would truly love the opportunity to share. Prayerfully

consider, and you can contact me at cindycmusic@outlook.com and I would love to set something up. Women's retreats, small groups, marriage groups, church settings, home group, or conference setting. Whatever you need and where you feel the Lord leading. Thank you for your time today!

Blessings,
