### UNDER GOD'S COVER

Have you ever been inside your house when a huge storm strikes? The wind howls, and the rain beats down so hard you can hear it on the roof and against the windows. Those storms can be frightening. But what brings us comfort is knowing that we are sheltered and protected from the elements of that danger. Did you know that there is a place in God for those who seek shelter and protection? It's a place of safety and security. God invites you to dwell with Him. He wants to protect you from the storms raging around you right now. But that secret dwelling place has a condition. In order to dwell in God's shelter, you must choose it. This comes by having a relationship with Jesus Christ.

God has provided special covers for His children. For example, Jesus said that healing is the children's bread (Mark 7:27). Likewise, protection against evil forces can only occur when one is in Jesus' camp. As the Apostle Paul wrote, "He has delivered us from the powers of darkness and conveyed us into the kingdom of the Son of His love" (Colossians 1:13). If

anyone really wants to live under the special cover of the Almighty God, they must be His child indeed.

Beloved, your access to God's special cover is an intimate relationship with Him. That means you must study your Bible and pray daily, fellowship with other believers, and serve God wholeheartedly. Many Christians have fallen victim to the devil because they lost their spiritual sensitivity after staying far from God for a long time. It is in your constant fellowship with God that you remain under His special cover. Are you abiding in His secret place, or have you been going in and out? If you want to enjoy the full benefits of being under God's cover, you must constantly remain in His presence.
