What The Coaches Have To Say

Jim Anderson
University of Arizona

In 2024 we started working with SMART Golf and were very impressed with their program and the support. Rob and his team were always available and provided helpful videos on how to use the program which were fantastic. The interface and connectivity throughout the leaderboards looked contemporary and the back of house set up was very easy for our support team.

Mike Fleck
Ball State University

I am so impressed with SMART Golf Software and their new NCAA Tournament Program. It left a great impression on the players and the fans. We are excited for using it on our next event!

Cy Williams
UC Davis

Player scoring through cell phones is here to stay and I love that we can replicate this experience through our team qualifiers.

Chris Mazoletti
UC Santa Barbara

We really enjoyed using SMART Golf for our home tournament. It's clean, simple and very professional looking. The format is incredibly user friendly!

Individual & Team Standings
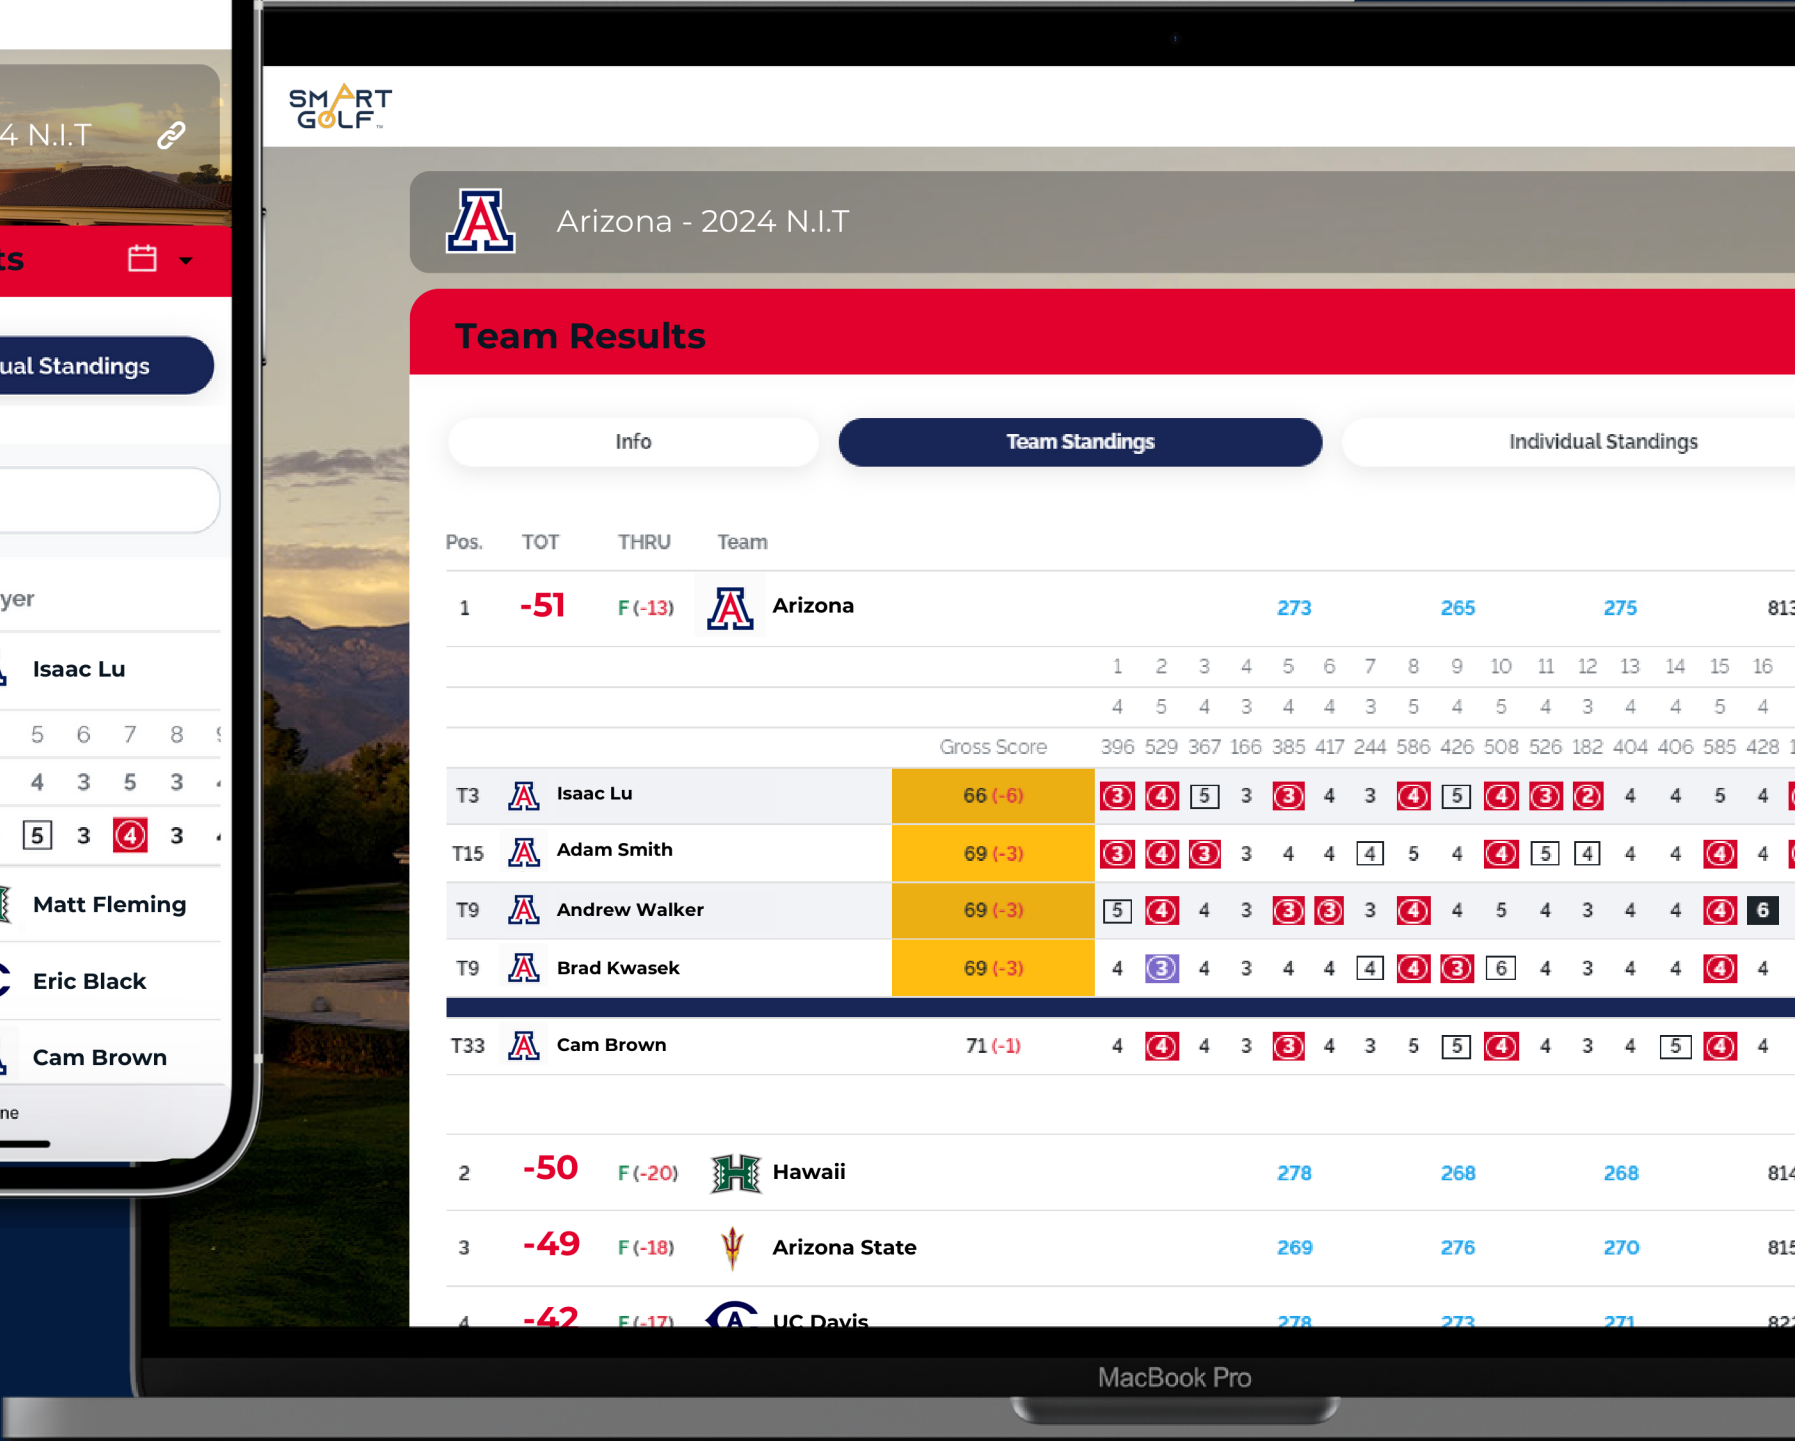

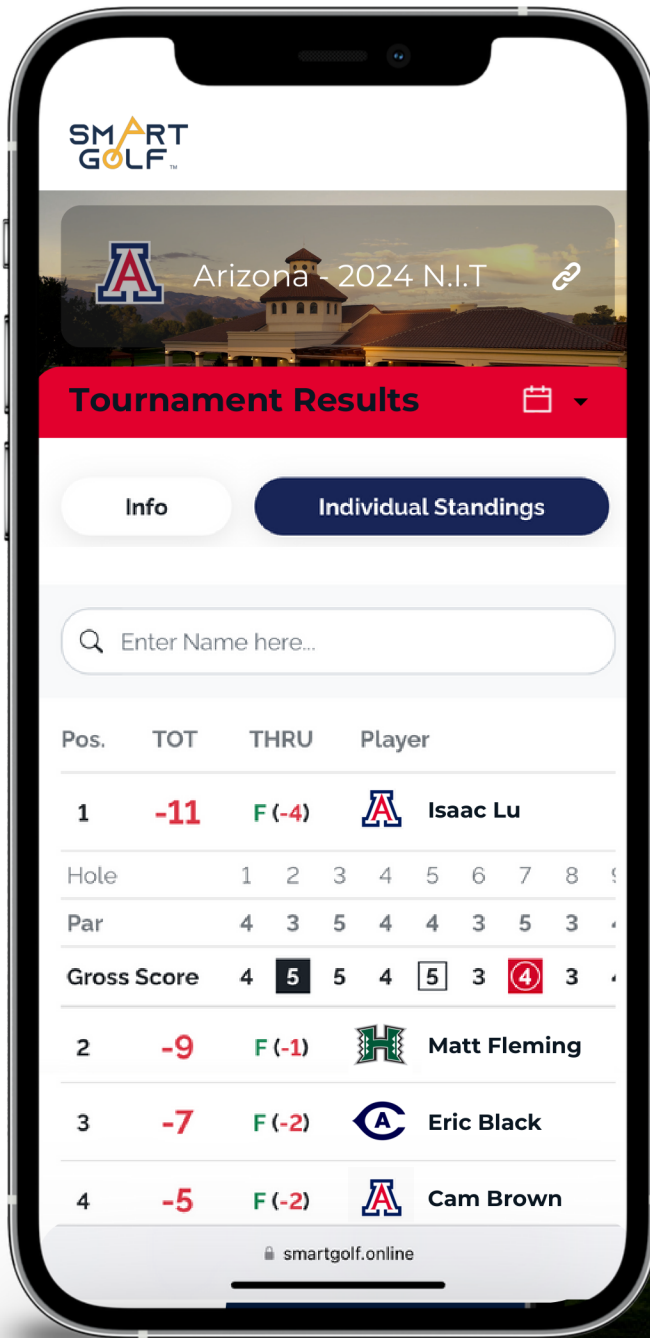

Elevating The Experience For Everyone

With no app required, SMART Golf simplifies player monitoring with individual and team standings. Click the link to view real-time rankings and check player performance hole-by-hole.

Players

Our live-scoring allows players to view the live leaderboard to monitor their position during the tournament.

Supporters

Supporters can follow events live. They are easily accessible via link, making it simple for everyone to follow along.
