*Greetings from The Danforth!*

During this virus period, it is important for our Danforth family to be active, stimulated, and supported each day. Our focus is on health and safety. Presently, social distancing is crucial to our health. At The Danforth, that does **not** mean isolation.

We continue to monitor staff with weekly COVID testing and practice current infection control procedures to ensure we are COVID free. We know conditions are hard on residents, loved ones and staff during this time when visitation has been curtailed.

Outdoor visits are currently on hold, although we are allowing window and online visits. This may not be convenient for everyone, but we believe that we have a plan that will put the safety of our residents and staff members first.

***Please see [www.danforthadultcare.com](http://www.danforthadultcare.com) for information on our visitation policy.***

Teresa and Kelly are committed each day to include and foster activities with The Danforth family they love. Although our residents are often safely in their rooms, Teresa and Kelly interact one-on-one with our clan to keep them engaged.

Following, you will find a few of the activities we organize. Please remember, if you have questions or suggestions, call us and let us know.

*From all of us at The Danforth, be safe, take care, God Bless.*
