Re: Waste hauler change

As you may be aware, over the past year, Wynfield Estates has been experiencing numerous service issues with our current waste hauler, Bob's Disposal.

On March 2, 2021, Wynfield Estates will be serviced by a new waste hauler, Waste Connections. Waste Connections holds the contract for St. Louis County district 8 and comes highly recommended.

General Information

1. Waste Connections will begin services on Tuesday, 03/02/21.
All services will now be on Tuesdays:
 - Trash
 - Recycling
 - Yard waste (contracted separately)
2. This change in waste hauler will **not** increase homeowners' annual assessments.
3. Each homeowner can call to schedule up to 2 bulk item pickups per month.
 - Bulky items are large items like couches, chairs, household items, fixtures, wood, root balls, stumps, toys, bikes, garden equipment, mattress, box springs, table, chairs, etc. that will not fit in your waste cart.
 - Bulk item weight is limited to that which can be safely lifted by two people
 - No "White goods" (large appliances) or construction debris is permitted
 - For additional information:

4. St. Louis County recycling carts are your personal property. Bob's is not permitted to remove them.
5. Waste pickups that are missed due to a holiday will no longer be skipped as in the past:
<https://www.wasteconnectionsco.com/schedule>
6. Trash and recycling will be picked up by automated trucks. As a result, trash and recycling carts must be compatible with the trucks (note the bar across the front). Waste Connections will not pickup your personal trash cans.
7. Waste Connections will drop off new 96 gallon carts (our current cart size) at your home on 02/22 or 02/23. You may request a smaller cart. Additional guidance and information can be found here:
<https://www.wasteconnectionsco.com/residential#garbage>
8. Trash, recycling, and yard waste must be placed curbside by 6:00 a.m. on Tuesdays. Due to the automated truck, they must be at least 2' apart.

10. We are awaiting a response from Bob's on recovery of their trash carts after their final trash pickup on 02/23. Please be patient during this transition period.

There are 4 methods you may use to provide this information:

1. Take the survey at Wynfield.net
