

SADIE

GET TO KNOW ME

Hi there! I'm Mercedes, but everyone calls me Sadie. My mission in life is simple: play hard, love hard, and make sure I'm the center of attention whenever possible.

I'm an energetic, happy little girl who approaches every day with excitement. Toy mice are my absolute favorite treasures—I love catching them, carrying them around proudly, and showing everyone my latest "hunt."

If there's fun to be had, you can count me in. When playtime is over, I transform into a cuddle expert.

I adore people and never miss an opportunity to soak up attention. Whether you're relaxing on the couch or moving around the house, I'm always happy to be nearby, making sure you remember that I'm available for pets and snuggles. I'm friendly, outgoing, and get along well with both cats and dogs. Because I love companionship and activity, I'd do best in a home with another playful friend.

We've shared adventures, foster homes, and life's ups and downs together, and we'd love nothing more than to continue our journey side by side. If you're looking for a playful, affectionate, social butterfly who will fill your home with laughter, purrs, and plenty of toy mice, I'm ready to meet you. Love, Sadie

RUBY

GET TO KNOW ME

Special needs: paralysis & incontinence

Background: Ruby came into care in October 2024 alongside her mom, Opal, and two siblings. From the start, Ruby faced challenges — she dragged her left hind leg, causing repeated abrasions. With time and testing, it became clear she had sustained a spinal injury at birth or shortly after, resulting in paralysis. She has no sensation in her tail or privates and requires regular bladder and bowel expression. And yet... Ruby never let any of that stop her. She raced through her foster home just like any other kitten — curious, determined, and full of life. Due to ongoing infections, her left hind leg was ultimately amputated, and once again Ruby adapted beautifully. Her foster mom learned alongside her, advocating fiercely every step of the way. Today, Ruby is thriving and living her very best life.

Personality & Traits: Tripawd — and absolutely wonderful Strong-willed, confident, and bursting with personality
Loves pom-pom balls most of all, plus springs and track balls
Does well with cats and dogs
Forms a deep bond with her human, as she depends on them more than most

Special Care Needs: •Requires regular bladder and bowel expression •Mobility-adapted but active and playful •Thrives with routine, patience, and committed caregivers
Ideal Home: •A compassionate, dedicated family open to special-needs care •Someone who understands that Ruby gives back tenfold what she requires •A home where she will be cherished not despite her differences, but because of them

TIA

GET TO KNOW ME

Meet Tia

Tia has been in our care since December 2022, when she arrived with her single kitten. While her kitten has long since moved on, Tia has been quietly taking her time — learning to feel safe, building trust, and showing us the loving cat she truly is. Tia may be shy at first, especially with hands reaching toward her, but once you gently move past that initial hesitation... her little “purr machine” turns on instantly.

She leans in, enjoys every moment, and yes — she'll even drool in pure contentment

About Tia • A quiet “wallflower” — social, curious, and likes to be near her people • Loves being talked to (it gets the purrs going!) • Playful when she feels safe — especially when she thinks no one is watching • Enjoys lounging in sunny spots or on warm heat registers • Independent but affectionate on her terms • Has lived with cats and dogs, but prefers companions who respect her space • Low-key “queen of the house” energy

Tia's Perfect Match: Tia is looking for a calm, patient, and confident home — someone who understands that love doesn't always come instantly, but is so worth the effort. She truly craves affection and connection, she just needs someone willing to gently reach past her initial nerves to help her continue building confidence. Tia isn't the kind of cat who will demand attention... but she is the kind who will quietly steal your heart once you take the time to understand her

If you believe in growing a bond built on trust, patience, and unconditional love — Tia may be your perfect match

If it rolls, bounces, jingles, or wiggles, I'm ready to play! I love my track ball, can't resist wand toys, and honestly... if it isn't a toy yet, I'll probably find a way to turn it into one!

I do have one very special possession—a fluffy little toy with ears that I proudly carry around with me. It's my favourite treasure, and I love wrestling with it just as much as I love wrestling with my siblings.

When playtime is over, my softer side shines through. I adore being petted, my purr motor starts rumbling in no time, and I'm always happy to soak up love and attention from my people. I'm also comfortable around cat-savvy dogs and absolutely love having feline friends to chase, wrestle, and cuddle with.

My Dream Home

Because I'm such a social, playful kitten, I must have a friendly young feline companion in my forever home. Even better, I'd love to be adopted with one of my siblings so we can continue making memories together! If you're looking for a kitten who's equal parts playful entertainer, cuddle bug, and tiny toy collector, I think we could be the purrfect match. I promise to fill your home with laughter, purrs, and just a little bit of adorable kitten mischief. Could Pistachio be the sweetest little scoop your family has been waiting for?
