- ATTENTION HOG!

RTCR

Hi there! I'm Mercedes, but everyone calls me Sadie. My mission in life is simple: play hard, love hard, and make sure I'm the center of attention whenever possible.

I'm an energetic, happy little girl who approaches every day with excitement. Toy mice are my absolute favorite treasures—I love catching them, carrying them around proudly, and showing everyone my latest "hunt."

If there's fun to be had, you can count me in. When playtime is over, I transform into a cuddle expert.

I adore people and never miss an opportunity to soak up attention. Whether you're relaxing on the couch or moving around the house, I'm always happy to be nearby, making sure you remember that I'm available for pets and snuggles. I'm friendly, outgoing, and get along well with both cats and dogs. Because I love companionship and activity, I'd do best in a home with another playful friend. In fact, my brother Rex (formerly Walt) would be my top recommendation.

We've shared adventures, foster homes, and life's ups and downs together, and we'd love nothing more than to continue our journey side by side. If you're looking for a playful, affectionate, social butterfly who will fill your home with laughter, purrs, and plenty of toy mice, I'm ready to meet you. Love, Sadie

WALT
"REX"

ADOPTABLE: Walt "Rex"

Neutered • Vaccinated • Microchipped Male •

DOB: August 21, 2025

Hello, future family! My name is Walt, but my friends call me Rex. If confidence were a superpower, I'd be a superhero. I am fearless, bold, and fully convinced that every room I enter belongs to me.

Whether I'm leading a game of chase, wrestling with my feline friends, or investigating something new, I tackle life with enthusiasm and curiosity. I'm also a world-class goofball.

Playing is one of my favorite hobbies, and I would love a home with a playful companion to help me burn off my kitten energy. When the action slows down, you'll find me happily being carried around like the baby I secretly still am. I even have the tiniest little meow to remind everyone that I'm really just a sweet boy underneath all that confidence. My purr motor never seems to run out of fuel, and I'm always ready to share affection with the people I love.

I get along wonderfully with other cats and dogs, making me an easy addition to many homes. And while I know I could make new friends, there is one companion who already knows me best—my sister, Mercedes ("Sadie").

We've been through a lot together, and if someone happened to have room in their heart for both of us, I think we'd make a pretty amazing team. If you're looking for a playful, affectionate, larger-than-life kitten with endless purrs and a heart full of love, I might just be your guy. Love, Rex

RUBY

Rescued: October 2024

Location: Fostered in Shakespeare

Medical Status:

Spayed • Vaccinated • Microchipped

Tripod (left rear leg amputated)

Special needs: paralysis & incontinence

Background: Ruby came into care in October 2024 alongside her mom, Opal, and two siblings. From the start, Ruby faced challenges — she dragged her left hind leg, causing repeated abrasions. With time and testing, it became clear she had sustained a spinal injury at birth or shortly after, resulting in paralysis. She has no sensation in her tail or privates and requires regular bladder and bowel expression. And yet... Ruby never let any of that stop her. She raced through her foster home just like any other kitten — curious, determined, and full of life. Due to ongoing infections, her left hind leg was ultimately amputated, and once again Ruby adapted beautifully. Her foster mom learned alongside her, advocating fiercely every step of the way. Today, Ruby is thriving and living her very best life.

Personality & Traits: Tripawd — and absolutely wonderful Strong-willed, confident, and bursting with personality Loves pom-pom balls most of all, plus springs and track balls Does well with cats and dogs Forms a deep bond with her human, as she depends on them more than most

Special Care Needs: •Requires regular bladder and bowel expression •Mobility-adapted but active and playful •Thrives with routine, patience, and committed caregivers Ideal Home: •A compassionate, dedicated family open to special-needs care •Someone who understands that Ruby gives back tenfold what she requires •A home where she will be cherished not despite her differences, but because of them

TIA

Meet Tia

Fostered in Shakespeare

Approx. DOB: October 2019

Spayed, vaccinated & microchipped

Tia has been in our care since December 2022, when she arrived with her single kitten. While her kitten has long since moved on, Tia has been quietly taking her time — learning to feel safe, building trust, and showing us the loving cat she truly is. Tia may be shy at first, especially with hands reaching toward her, but once you gently move past that initial hesitation... her little “purr machine” turns on instantly.

She leans in, enjoys every moment, and yes — she’ll even drool in pure contentment

About Tia • A quiet “wallflower” — social, curious, and likes to be near her people • Loves being talked to (it gets the purrs going!) • Playful when she feels safe — especially when she thinks no one is watching • Enjoys lounging in sunny spots or on warm heat registers • Independent but affectionate on her terms • Has lived with cats and dogs, but prefers companions who respect her space • Low-key “queen of the house” energy

Tia’s Perfect Match: Tia is looking for a calm, patient, and confident home — someone who understands that love doesn’t always come instantly, but is so worth the effort. She truly craves affection and connection, she just needs someone willing to gently reach past her initial nerves to help her continue building confidence. Tia isn’t the kind of cat who will demand attention... but she is the kind who will quietly steal your heart once you take the time to understand her

If you believe in growing a bond built on trust, patience, and unconditional love — Tia may be your perfect match

Her most unique qualification? Every single time she takes a drink, she dips her paw into the water first. We still haven't figured out exactly why, but it's one of her many adorable quirks. When she's not keeping watch from above, Sambuca loves rolling onto her tummy for pets and soaking up affection from her people.
