DIANA

This stunning girl came to us December 2022!!! She has been with us over a year now and it's time for her to find her family.

Diana was caring for her kittens in a small community as winter set in. Her kittens were rescued with her coming into care a short time later.

Diana was very scared and we had her TNR'd thinking she would have to return to her outdoor life. Given the frigid winter we chose to keep her indoors with hopes she would learn to trust.

She adored the kitties in her foster room, and now in her foster home as she is blended with the resident kitties. She snuggles close with the other cats and follows them everywhere. She watches them get love from their mom but she just hasn't quite got past her fears to accept love. Her foster mom can pet her at certain times and once she is being pet she seems to enjoy it, but she is fearful of sudden movements still. Diana is an active part of her foster home, mingling with the other kitties and coexisting with the dogs. She is still not sold on being pet but in the right home and environment she could get past that fear. She truly seems to want to snuggle in with her foster mom as the other kitties are getting snuggles but her fear holds her back. We feel, with time and patience she may even become that snuggle cat. She must have a few friendly felines in her forever home as she just adores other cats.

Diana

FEMALE DOB - JUL 2019

- STUNNING CALICO
- LOVES LOVES LOVES OTHER KITTIES
- NEEDS TIME AND PATIENCE
- AFRAID OF THE REACH BUT CURIOUS
- NEEDS A SPECIAL PERSON/HOME TO MAKE HER FLOURISH
- MUST HAVE OTHER FRIENDLY KITTIES IN HER FURREVER HOME

RTCR

Some might say Diana is not adoptable, why would you post her for adoption if you can't handle her?? We have hesitated for months to post her with hopes she will learn to trust enough to enjoy being pet. We feel she is just as deserving as any other kitty, we just have to find her the right person. She may never be a lap kitty, or she might turn into the biggest snuggler once with her very own people. There is NOTHING more rewarding then winning the love of a semi-feral kitty ??

Right now Diana lives in a home where her foster mom runs a rescue, works fulltime away from the home and cares for MANY animals. Unfortunately she doesn't get focused socializing time. We have faith that there are other loving, crazy cat people, that would welcome and love Diana for who she is, a beautiful calico with stunning markings?

MARBLE

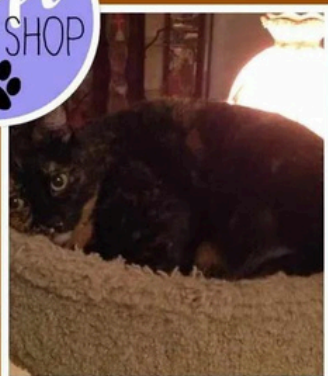

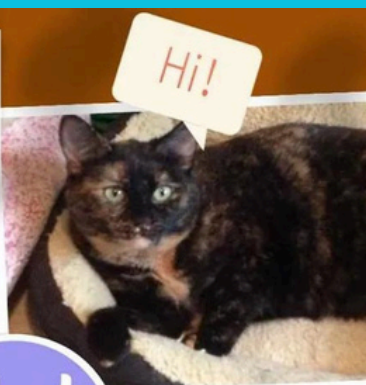

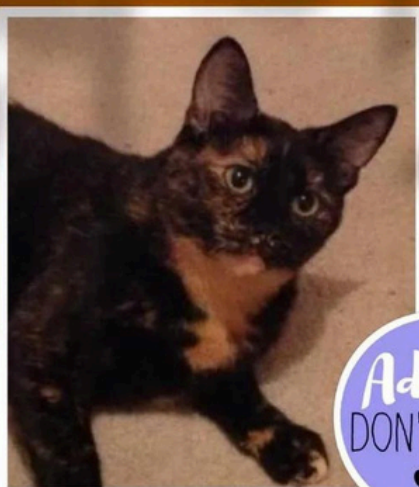

Marble is a very loving and affectionate girl who loves to be petted and is fine with being held. She can be a bit of a talker and quite persistent when she wants attention or her moist food.

Marble was rescued from outdoors in the country when she was pregnant. It was noticed that she has a rotating back hip when she walks and therefore it was decided that an xray was in order to see whether she had been previously injured or born this way. It turns out that both of her back legs had been previously broken in several places and had healed on their own but not properly. It is not known what happened to her to create these serious injuries. The vet couldn't believe that she could actually walk looking at the xrays however she walks quite well in spite of these injuries. She can't jump very high however she is able to go up and down stairs.

It has been decided to put her on a monthly injection of Solensia which is an anti-inflammatory to control pain for osteoarthritis. Marble will require this injection to be given by a vet for life and the cost is \$70.00 and up monthly depending on the vet.

In spite of her injuries Marble enjoys some play time. She likes chasing a laser light for a brief period or jumping at it, interacting with a wand toy or you may find her just laying in her cat tunnel. Marble loves her cat bed and that is likely where you'll find her napping every afternoon. Watching the birds and squirrels from the window is another of her favourite pastimes. She has not had any exposure to dogs.

Marble is a bit shy at first with new people therefore she would do best with a single adopter or a quiet couple. She would love to be an only pet as she is not fond of other cats and she would then be able to receive all the love and attention for herself that she craves.

Meet Bear – A Sweet Soul Ready for Her Forever Home When Bear was rescued in late October 2024 with her kittens in St. Marys, she was a devoted and loving mother, putting their needs above all else. Though she was nervous around humans, time, patience, and love have helped her blossom into a cat who is ready to trust, bond, and find her own happy ending.

Bear is a quiet and gentle girl with the softest heart. She may take a little time to warm up, but once she does, she will lift her bum high for scratches and happily soak in your presence. She isn't one for being picked up, but she will show you in her own way just how much she appreciates you. She loves freeze-dried treats, enjoys talking to her favorite humans, and truly thrives in the company of other cats. Bear would do best in a calm home with patient adopters who will continue to nurture her trust. She has been fostered with dogs but would prefer a home without them.

DIXIE

Meet Dixie – A Sweet Girl Ready to Bloom

Dixie came into our care in August of last year, a devoted mama to six tiny kittens, rescued from a rural property in St. George. She was cautious at first, focused on keeping her babies safe, but over time, this soft-spoken sweetheart has blossomed into a charming, curious, and affectionate little lady. Born around September 19, 2022, Dixie is now spayed, vaccinated, and microchipped—and ready for her next chapter: a forever home filled with love, patience, and maybe even a feline friend.

Dixie is a quiet queen who's still working on building her confidence, but her gentle personality is already shining through. She has the cutest little meow and will quietly approach you when she's ready for pets (and politely let you know when she's done). She's a laser toy enthusiast, a sunbeam seeker, and she loves cozying up in a cat tree perch to observe the world around her. She's experimenting with cuddles, loves a good lick treat, and will do the most adorable dance when it's mealtime in and around your feet. With time and a calm environment, she continues to open up more each day.

Her foster mom thinks she is the most funny little girl, and it's great to watch her get more and more comfortable every day. Dixie would thrive in a home with another friendly cat to help show her the ropes and offer companionship.

HOPPER

A gentle soul with a soft heart and serious eyes, waiting patiently for a home that will love him just as he is.

Hopper and his siblings were rescued from a backyard breeder in Tiverton. He's the shyest of the bunch, but behind those thoughtful eyes is a cat who just needs time, kindness, and a little space to truly blossom.

About Hopper:

- A cozy, gentle giant
- Silent companion and loyal observer
- Dedicated meal finisher (don't expect leftovers!)
- Stealthy nighttime ninja—tiptoeing through the shadows with grace
- Soft-hearted with a serious face
- Would love a feline friend in his forever home

Hopper is neutered, vaccinated, and microchipped—fully prepped for the next chapter of his life. He's not the loudest or the boldest, but if you're the kind of person who finds joy in quiet companionship and watching a shy cat come out of his shell, Hopper might just be your perfect match.

Give Hopper the home he's been waiting for—a place where he can finally exhale, stretch out, and be loved.
