RUBY

GET TO KNOW ME

Special needs: paralysis & incontinence

Background: Ruby came into care in October 2024 alongside her mom, Opal, and two siblings. From the start, Ruby faced challenges — she dragged her left hind leg, causing repeated abrasions. With time and testing, it became clear she had sustained a spinal injury at birth or shortly after, resulting in paralysis. She has no sensation in her tail or privates and requires regular bladder and bowel expression. And yet… Ruby never let any of that stop her. She raced through her foster home just like any other kitten — curious, determined, and full of life. Due to ongoing infections, her left hind leg was ultimately amputated, and once again Ruby adapted beautifully. Her foster mom learned alongside her, advocating fiercely every step of the way. Today, Ruby is thriving and living her very best life.

Personality & Traits: Tripawd — and absolutely wonderful Strong-willed, confident, and bursting with personality
Loves pom-pom balls most of all, plus springs and track balls Does well with cats and dogs Forms a deep bond with her human, as she depends on them more than most

Special Care Needs: •Requires regular bladder and bowel expression •Mobility-adapted but active and playful •Thrives with routine, patience, and committed caregivers Ideal Home: •A compassionate, dedicated family open to special-needs care •Someone who understands that Ruby gives back tenfold what she requires •A home where she will be cherished not despite her differences, but because of them

TIA

GET TO KNOW ME

Meet Tia

Tia has been in our care since December 2022, when she arrived with her single kitten. While her kitten has long since moved on, Tia has been quietly taking her time — learning to feel safe, building trust, and showing us the loving cat she truly is. Tia may be shy at first, especially with hands reaching toward her, but once you gently move past that initial hesitation… her little “purr machine” turns on instantly.

She leans in, enjoys every moment, and yes — she’ll even drool in pure contentment

About Tia • A quiet “wallflower” — social, curious, and likes to be near her people • Loves being talked to (it gets the purrs going!) • Playful when she feels safe — especially when she thinks no one is watching • Enjoys lounging in sunny spots or on warm heat registers • Independent but affectionate on her terms • Has lived with cats and dogs, but prefers companions who respect her space • Low-key “queen of the house” energy

Tia’s Perfect Match: Tia is looking for a calm, patient, and confident home — someone who understands that love doesn’t always come instantly, but is so worth the effort. She truly craves affection and connection, she just needs someone willing to gently reach past her initial nerves to help her continue building confidence. Tia isn’t the kind of cat who will demand attention… but she is the kind who will quietly steal your heart once you take the time to understand her

If you believe in growing a bond built on trust, patience, and unconditional love — Tia may be your perfect match

Current Position: Playful Calico & Professional Trust Builder

Objective

Seeking a patient forever family where I can continue learning that hands can be kind, homes are safe, and love doesn't have to happen all at once. I'm looking for a feline friend who can show me the ropes while I grow into the confident girl I know I can be.

Qualifications

• Stunning calico with a personality as beautiful as her colouring.
• Lifelong member of the "I'm Thinking About Trusting You" club. 😿
• Highly motivated by lick tubes—and I'm a very gentle little treat taker!
• Playful girl who loves spending time with my brothers.
• Trackball enthusiast with excellent kitten-play skills.
• Making progress every day with learning about human touch.

Special Skills

✔️ Expert lick-tube enthusiast.
✔️ Gentle treat delivery specialist.
✔️ Trackball chaser.
✔️ Sibling playtime professional.
✔️ Growing confidence one tiny step at a time.
✔️ Very cute calico who knows exactly how to make you fall in love. ❤️

About Me

I was definitely Momma's girl, and because of that, I'm still figuring out this whole human thing. I enjoy my foster mom's company, especially when she comes bearing lick tubes, and I'll happily take those treats right from her fingers.

Touch? Well... let's just say I'm still reviewing the application. 😉

But I'm playful, curious, and making progress. I don't need someone to rush me—I need someone who understands that trust is built through patience, consistency, treats, play, and letting me set the pace.

MYTE

GET TO KNOW ME

NOW HIRING: FOREVER FAMILY FOR MYTE — AKA MIGHTY MAN!

CURRENT POSITION: Foster kitten, professional purr machine & aspiring cuddle expert
CAREER GOAL: Finding a forever family who will love him exactly as he is.

A**BOUT THE APPLICANT:** Meet Myte—our utterly adorable Mighty Man! Myte is a very special boy. Early in his time with us, we noticed that something was different about the way he navigated his surroundings. After veterinary examinations, it was confirmed that Myte is blind. But here's the thing about Myte... He doesn't know he's supposed to let that slow him down. He's learning to navigate his world using his other senses, and he's doing an incredible job. He's currently fostered with other kitties and has discovered that kittens are still pretty fun—even when you can't see them!

KEY QUALIFICATIONS: Exceptional Purr Performance Myte has a BIG purr for such a little guy. Give him some attention and he'll happily let you know he's enjoying it. Cuddle Certified He's not always completely sure where he is, so having a human close by can be especially comforting. Myte loves being pet and enjoys a good cuddle. Highly Food Motivated Put food on the table and Myte is definitely interested! This boy loves his meals. Playful, Just at His Own Pace He enjoys swatting at wand toys, playing with solo toys when he finds them, and gently wrestling and interacting with his foster friends. Team Player Myte would LOVE to have another friendly, confident kitty in his forever home. We think having a feline friend to help guide him, show him the ropes, and provide companionship will be incredibly valuable as he continues gaining confidence.

IDEAL WORK ENVIRONMENT: Myte will need a patient and understanding family who is willing to help him continue learning. A single-level home or apartment would be ideal, as stairs are still something he's unsure about. He's also still working on his litter box skills. He's making progress and is becoming more consistent with using the pee pads underneath his litter boxes. His forever family will need to be willing to continue supporting him without expecting perfection overnight.

PERSONALITY SNAPSHOT

☕ Little Mr. Chatty
📣 Vocal & expressive
💕 Affectionate sweetheart
🔎 Curious explorer
🧗 Professional climber
🧸 Loves ALL the toys
👧 Raised with young children
😹 Playful & full of character

THE RESUME:
Introducing Brewster, the smallest member of the Tim Hortons crew — but don't let his size fool you. This little guy has a BIG personality and plenty to say about it! ☕🐾

Brewster has earned the nickname “the little crybaby,” mostly because he is wonderfully vocal and has absolutely no problem letting you know when he wants some attention. 😂📣

He's an affectionate little guy who loves his people, but he's also an enthusiastic explorer. Brewster wants to investigate everything, climb everything and play with pretty much every kitten toy he can find.

And if you happen to pick him up when he'd rather be off exploring? Well… you'll hear about it! 😂 He may happily meow his opinion while making it very clear that there are important kitten adventures waiting to be had.

Brewster has been raised around young children and has been exposed to adult cats and dogs. Like his siblings, he's currently cautious around larger cats and dogs and may arch, hiss or spit when he's unsure. He's simply learning how to navigate new experiences and communicate when something feels a little intimidating.

He's playful, entertaining, affectionate and absolutely full of character — the kind of kitten who is likely to keep his family laughing and talking right along with him. ❤️

THE RESUME:
Meet Boston, our brown tabby boy with the adorable white feet — and quite possibly the family comedian! 🍩🐾

Boston has earned himself the nickname “Mr. Chewy Pants,” and honestly, he wears the title proudly. Fingers, toes, toys… if Boston can get his little teeth on it, he's probably going to investigate it! 😂

He's a wonderfully playful and rambunctious kitten who is always ready for his next adventure. Curious by nature, Boston loves exploring his surroundings and finding out exactly what everyone else is doing.

But underneath all that kitten mischief is a very sweet and affectionate boy. ❤️ He's been raised around young children and has been exposed to adult cats and dogs.

Boston is currently cautious around larger cats and dogs and may arch his back, hiss or spit when he's unsure. This is normal kitten communication when faced with something unfamiliar, and he's continuing to learn about the big world around him.

With his playful nature, endless curiosity and hilarious personality, Boston is going to keep his forever family smiling for years to come. 🥰

🍯 Sweet & gentle
🌸 Calm & thoughtful
🥰 Cuddly once comfortable
🧸 Playful at heart
🐭 Crinkle-ball enthusiast
👧 Comfortable with children
🐱 Cat & dog exposure
💕 Needs a little time to bloom

THE RESUME:
Meet Glaze, the sweet girl who may take a little longer to decide that you're her person — but once she does, you're going to feel pretty special. 🍯❤️

Glaze is the largest of the kittens and the more reserved member of the crew. She's not necessarily going to rush into a new room and introduce herself to everyone immediately. Instead, she'll take some time to observe, assess and decide that everything is safe.

And once she's comfortable? The cuddles begin. 🥰

In familiar surroundings, Glaze is a playful girl who enjoys crinkle balls, springs, toy mice and, of course, romping around with her siblings. She has been comfortable around young children and has been introduced to adult cats and dogs.

Like her sister Apple, Glaze can be cautious around larger cats and dogs and may arch, hiss or spit when she's uncertain. This is normal kitten communication, especially when encountering something unfamiliar.

Glaze would thrive with a family who understands that sometimes the quieter kittens just need a little extra time to settle in. Give her that patience, and you'll get to watch this sweet, gentle girl blossom into a wonderful companion. 🌸

Glaze will need a young, friendly feline companion in her forever home. 🐱❤️

She may not be the first kitten to jump into your lap — but give her a little time, and she will blossom.

HOKEY POKEY

GET TO KNOW ME

🍦 Meet Hokey Pokey (HP)!

The easygoing ginger sweetheart with a playful side and a curious streak!

A Little About Me

Hi there! I'm Hokey Pokey, but my friends call me HP. I'm a handsome ginger tabby with a sweet disposition, a playful personality and plenty of purrs to share.

I'm an easygoing kind of guy who enjoys the best things in life: good food, fun toys, feline friends and spending time with my humans. I'm always up for a play session, and if something moves, there's a pretty good chance I'll chase it! String toys are a particular favourite, but I'm happy to investigate all sorts of toys and adventures.

Once playtime is underway, my silly, curious side shines through. I also have a rather unexpected interest in water and showers. What can I say? Everyone needs a hobby! 🚿🐱

I'm affectionate, people-loving and enjoy the company of other cats. I bring a lovely balance of playful energy and easygoing charm to the household.

My Best Qualities

- Easygoing & friendly: A laid-back boy who enjoys human company.
- Playful & curious: If it moves, I'm ready to chase it!
- Purr machine: Affection and happy purrs are part of my package.
- Feline-friendly: I love playing and spending time with other cats.
- Food enthusiast: Mealtime is always something to celebrate.
- Shower supervisor: Water has caught my attention, and I need to investigate!

My Dream Home 🏡

I'm looking for an indoor-only home where I can be loved, entertained and included as part of the family. I'd love a friendly, playful young feline companion to share my games, adventures and occasional cuddle puddles.

A home that appreciates my affectionate nature, playful spirit and quirky curiosity would be just wonderful.

Ready to Add a Little Hokey Pokey to Your Life?

My first adoption didn't turn out to be the right fit because the resident cat struggled to accept me. I'm back in foster care, safe and loved, and ready to find a home that's a better match for everyone.

Sometimes finding forever takes an extra turn or two. I'm hoping my next chapter will be the one that lasts a lifetime. ❤️

Could I be your perfect scoop?

ROY — A LITTLE SHY, A LOT TO LOVE

Personality Profile:
Not every kitten rushes straight into the spotlight. Roy prefers to sit back, observe and figure things out before deciding he's ready to join in. He's a shy, sensitive boy who can be nervous about being petted, but there's a sweet little heart beneath that cautious exterior.

One way to make friends with Roy? Treats! While he may still be unsure about hands reaching out to pet him, he'll offer little licks and kisses on your fingers when accepting a tasty treat. It's a lovely glimpse of the trust he's learning to build.

When it's time to play, Roy is happiest romping around with his brother, Lasso. Having a feline friend gives him companionship and helps him feel more secure as he continues to discover the world.

Good to Know:

PERSONALITY PROFILE:
Professional Purr Machine | Shoulder-Sitting Specialist | Chief Explorer | Full-Time Cuddlebug

Hi there! I'm Penelope, but my friends call me Penny. I'm a friendly, affectionate little girl with a big personality and absolutely no concept of personal space. Why sit beside you when I can climb onto your shoulders or curl up right on top of you? And if you're sitting at your computer, don't worry—I'm happy to help! My supervisory skills are excellent, although my preferred working position is directly on your lap, arms, or keyboard.

THISTLE

GET TO KNOW ME

Meet Thistle — A Gentle Soul Learning That Love Is Worth the Leap!

Thistle's story began near the St. Jacobs Market area, where he and his family were spotted visiting a community cat feeding station. His brother Trillium was safely trapped early on, but Thistle and their mama Magnolia kept everyone guessing for more than a week before they were finally secured together. These days, Thistle is safely indoors and beginning a new chapter—one where he can learn, grow, play, and discover that the world has so much more to offer than life outside.

Born around March 2, 2026, Thistle is a handsome, timid boy who's still learning to trust the humans around him. He's making progress in his own way, exploring his home and happily plopping down nearby to enjoy your company. He's not quite comfortable with reaching hands just yet, so he'll need a family who understands that trust takes time and that the best relationships are built on patience.

Thankfully, Thistle has plenty of fun-loving kitten energy to balance out his cautious side! He enjoys chasing his feline friends, batting crinkle balls across the room, and enthusiastically joining in when the wand toys come out. He also appreciates a tasty treat, and a lickable snack can create a lovely opportunity for him to relax and enjoy some gentle pets.

Thistle gets along well with his foster feline friends and will need a friendly, confident kitty in his forever home to help him continue building his confidence. With a little time and understanding, we hope to see this sweet boy discover just how wonderful it can be to feel safe, loved, and truly at home. Thistle may not be the kitten who runs straight into your arms on day one, but he has so much potential waiting to unfold. Could you be the person who gives him the time and space to let his heart catch up with his curiosity?

After more than a week of outsmarting the trappers, they were finally brought to safety together. Now, Trillium is discovering that indoor life has some pretty wonderful perks, and he's ready to find a forever family to help him continue to blossom.

Born around March 2, 2026, Trillium is a handsome, adventurous boy who enjoys exploring his surroundings, napping on cat trees, watching the world through the window, and curling up on anything soft and cozy. He's still learning that humans can be trusted, and quick movements can startle him, but his curious nature is helping him find his feet.

The way to this boy's heart? Lickable treats! Offer him a delicious snack, and you'll be rewarded with his excellent, wonderfully loud purr and the opportunity to sneak in some pets while he enjoys his treat. He's also a playful fellow who loves wand toys, chasing anything that moves, and romping around with his foster feline friends. He has made quick friends with every friendly kitty he's met!

Trillium will need a little patience as he continues building confidence with people, but he's already showing us what a lovely companion he could become. A confident, playful feline friend is a must for his forever home, someone who can show him the ropes and help him continue discovering all the good things about indoor life.

If you're looking for a young cat whose personality will continue to unfold with time, patience, and plenty of play, Trillium might just be your boy!

Trillium's adoption resume:

- Needs a confident, friendly, playful feline companion
- Best suited to a patient home that will let him build trust at his own pace

ARCHIBALD

GET TO KNOW ME

Meet Archibald (AKA Archie!) 🧡

A little about my journey

Archibald's story began outdoors, where he was a very scared and difficult-to-trap stray. He was trapped and TNR'd in March, but as the months passed, it became clear that this handsome boy was hoping for a chance at indoor life. After patiently waiting for the right foster home, Archibald finally made his way inside — and he's been discovering just how wonderful the good life can be!

Personality

Archibald may be a little shy when you first meet him, but give him a little time and you'll start seeing his sweet side. This gentle, affectionate fellow is learning that people can be pretty wonderful, especially when they come equipped with pets, brushes and treats!

Once comfortable, Archie is happy to soak up attention. He'll flop over and roll around to encourage more pets, and he thoroughly enjoys a good brushing session. He also has a playful side and loves chasing wand toys, proving that there's more to this laid-back gentleman than his chill demeanour suggests.

When he's not enjoying some quality human attention, you might find him hanging out in his beloved cardboard Costco cathouse. Everyone needs a favourite place to relax, right?

Archibald is still building confidence and showing us more of his personality every day, but what we've seen so far is a lovely mix of gentle affection, playful moments and easygoing charm.

The happily-ever-after part

Archibald has waited a long time for his chance at the good life, and now he's ready to find a family of his own. If you're looking for a sweet companion who appreciates the simple pleasures in life — a gentle touch, a good brush, a little playtime and a comfortable place to call home — this handsome boy might just be your perfect match.

His outdoor days are behind him. Now it's time for Archibald's happily ever after! 🏡🐾

MISSY

GET TO KNOW ME

💚 Meet Missy — The Kitten Who Forgot to Grow Up! 🐾
Professional title: Chief Zoomies Officer & Director of Feline Friendships

About me:

The vets estimate that I'm about two years old, but honestly? Nobody told my personality! I'm a high-energy, playful girl with the enthusiasm of a six-month-old kitten and absolutely no plans to slow down anytime soon. 😸

My favourite activities include running at top speed, performing spectacular zoomies, chasing just about any toy you can offer me, and playing with my beloved little green mouse. If there's fun to be had, I'm already halfway across the room!

But here's the thing about me: my absolute favourite thing in the world might just be other cats. ❤️

I adore my feline friends and am always looking for an opportunity to rub against them, snuggle up, or convince them to be my new bestie. I can sometimes be a little too enthusiastic with my affection, so I'd do best with confident, playful, tolerant kitty companions who appreciate having a very loving friend around. Kittens are particularly appealing because they can almost keep up with me!

I came into rescue through community-cat efforts, and after receiving the care I needed, I'm now ready to find a forever family who will appreciate my big personality and even bigger love for other cats.

I enjoy affection from my humans, too, especially once I've had a chance to burn off some of that extra energy. And who knows? With time, I might even discover that laps are wonderful places to hang out. For now, though, I've got zoomies to do and feline friends to love!

My dream home: An indoor home with playful, active, cat-friendly companions who will enjoy my enthusiasm and understand that my attempts at friendship can sometimes be a little over-the-top. I need feline company, not a home where I'll be the only cat.

My best qualities: Playful, energetic, affectionate, outgoing with other cats, toy-loving, and endlessly entertaining.
welcome this little whirlwind home. 💚🐾

JADE

GET TO KNOW ME

💚 Meet Jade — A Little Shy, A Lot of Potential! 💚

Jade is finally ready to begin searching for a family of her very own! Born around March 2024, this beautiful girl has come a long way on her journey from a barn colony to the possibility of a happy indoor life.

Jade arrived in rescue in late March with four little kittens to care for. She was an extremely frightened girl, but despite her fear, she was a wonderful mama. Her babies found loving homes months ago, and now it's finally Jade's turn to focus on herself and discover that humans can be pretty wonderful, too. 🥹

With the patience and dedication of her amazing foster mom, Jade has been making some beautiful breakthroughs. She no longer swats or hisses when approached, and she's beginning to lean in for affection! She's still figuring out exactly what this whole being petted thing is about, so sometimes she leans in for love and sometimes offers a few gentle, uncertain nibbles. She's learning, and every little step forward is worth celebrating.

Jade is playful, loves treats, and absolutely enjoys the company of other cats. In fact, she has a particular soft spot for the boys! 😂 A friendly feline companion could be a wonderful addition to her new home, helping her feel comfortable and giving her another kitty to play with.

Sudden movements and people walking directly toward her can still send Jade running for cover. She'll need a patient, calm home that understands trust must be earned and that she needs to make progress at her own pace. She may not be the cat who immediately curls up in your lap, but imagine the joy of being the person she learns to trust completely.

Jade isn't a finished project, and she isn't looking for someone to change her overnight. She's looking for someone who will celebrate the little victories, respect her boundaries, and give her the time and space to discover just how good life can be.

Could you be the special person who helps Jade's next chapter be her best one yet? 💚

Jade's Details
- Loves other cats, especially the boys!
- Playful and treat-motivated
- Still learning to trust people and will need a patient, understanding home

CHAMP
The Chill Charmer
Fostered in: Kitchener

PERSONALITY:
- Quiet, easygoing and pretty chill.
- A handsome, generously sized boy!
- Enjoys playing with his favourite butterfly toy.
- Likes to stash toys away for later.
- Appreciates lickable treats when he feels safe and comfortable.
- Still learning that reaching hands aren't so scary.

A **LITTLE ABOUT CHAMP** Not every kitten needs to be the centre of attention. Some prefer to take life at their own pace, and Champ is perfectly happy doing just that. The biggest of his siblings, this handsome black boy has a quieter personality than his energetic brother Ranger. He's not the pushiest kitten in the room, whether it's playtime or treat time, but that doesn't mean he doesn't enjoy the good things in life! Champ has a particular appreciation for his butterfly toy, and apparently, he believes toys are even better when you have a secret stash of your own. He's still a little nervous when hands reach towards him, but he isn't mean. He simply needs patience, kindness and the opportunity to build confidence at his own pace. When he feels safe, he'll happily enjoy a lickable treat in his own little comfort zone. Champ and his family were rescued from outdoors in Wellesley and are now safe in foster care, where he can continue learning that life with people can be pretty wonderful.

HIS IDEAL FOREVER HOME
Champ needs a friendly, young feline companion to help him continue developing his social skills and enjoy all the fun that kittenhood has to offer. A patient family who understands that trust takes time will be a wonderful match for this sweet boy. Give him room to blossom, a few favourite toys and some tasty treats, and let the relationship grow naturally. Champ may not be the loudest player on the team, but this handsome boy has plenty of potential to win hearts.

SOCKS

GET TO KNOW ME

MEET SOCKS! Former Campground Resident | Full-Time Lovebug | Professional Cuddle Companion

THE BACKSTORY
Socks' story began when this handsome fellow wandered into a campsite at Wildwood Conservation Area last summer. It didn't take long for him to make himself at home, visiting the neighbours, claiming his favourite chair in the gazebo and winning over everyone he met. It was pretty clear this boy had once known the comforts of a home and the company of people. Thankfully, his camping adventures led him to a soft place to land with RTCR, and he's discovering that indoor living has some pretty wonderful perks!

THE PERSONALITY
Socks is a laid-back, affectionate gentleman who genuinely enjoys being around people. He's happy to soak up pets and attention, absolutely appreciates a good belly rub, and thinks cuddling on the couch or bed is a pretty excellent way to spend an afternoon. He's got lovely house manners, enjoys sunny naps and is always happy to accept a treat or two. Just a little word of caution... bacon may be his one weakness! Socks has also shown that he's comfortable around younger children. When it comes to other cats, he's more of a peaceful coexistence kind of guy. He doesn't go looking for trouble, but he will stand his ground if needed or simply find a quiet room to enjoy some personal space. Dogs, however, aren't really his cup of tea.

HIS IDEAL FOREVER HOME
A home where he can enjoy companionship, affection, cozy naps and all the little comforts of being someone's much-loved family member. He'd do best in a dog-free home, with adopters who appreciate his easygoing nature and understand that he prefers a little personal space from other feline residents.

THE FINAL WORD
Socks has already mastered the art of making friends wherever he goes. Now he's ready to trade his campground visiting days for a permanent address, a favourite sunny window and a family to call his own. Could this handsome gentleman be the missing pair of socks in your life?
