RUBY

Rescued: October 2024

Location: Fostered in Shakespeare

Medical Status:

Spayed • Vaccinated • Microchipped

Tripod (left rear leg amputated)

Special needs: paralysis & incontinence

Background: Ruby came into care in October 2024 alongside her mom, Opal, and two siblings. From the start, Ruby faced challenges — she dragged her left hind leg, causing repeated abrasions. With time and testing, it became clear she had sustained a spinal injury at birth or shortly after, resulting in paralysis. She has no sensation in her tail or privates and requires regular bladder and bowel expression. And yet... Ruby never let any of that stop her. She raced through her foster home just like any other kitten — curious, determined, and full of life. Due to ongoing infections, her left hind leg was ultimately amputated, and once again Ruby adapted beautifully. Her foster mom learned alongside her, advocating fiercely every step of the way. Today, Ruby is thriving and living her very best life.

Personality & Traits: Tripawd — and absolutely wonderful Strong-willed, confident, and bursting with personality Loves pom-pom balls most of all, plus springs and track balls Does well with cats and dogs Forms a deep bond with her human, as she depends on them more than most

Special Care Needs: •Requires regular bladder and bowel expression •Mobility-adapted but active and playful •Thrives with routine, patience, and committed caregivers Ideal Home: •A compassionate, dedicated family open to special-needs care •Someone who understands that Ruby gives back tenfold what she requires •A home where she will be cherished not despite her differences, but because of them

(quite the plot twist in my origin story!)

About Me

Hello! I'm Toby — a sleek, handsome 2-year-old house panther with soulful eyes and the sweetest little chirp you've ever heard. I came into care at the end of November after being rescued from a trailer park that closed for the winter. Since then, I've been busy polishing up my indoor living skills and perfecting my cuddle technique. I am neutered, vaccinated, and microchipped — fully prepped and ready to move into my forever home.

Special Skills

- Certified Cat Companion — I'm great with other cats and will need at least one feline friend in my forever home.
- Wand toy enthusiast (currently expanding my play portfolio).
- Independent play expert — I can entertain myself like a champ.
- Olympic-level back flopper — I dramatically roll onto my back to request pets. It works every time.
- Missing one canine tooth... but still fully committed to crunching dry treats like a pro. (Lickable treats? Hard pass.)

Personality Profile I'm what my foster lovingly calls a "shy shadow." I may quietly observe at first, but my confidence grows more every single day. Once I trust you, I'll be nearby — chatting, rolling, and soaking up affection. I'm gentle, friendly, and so deserving of a soft place to land.
