RUBY

Rescued: October 2024

Location: Fostered in Shakespeare

Medical Status:

Spayed • Vaccinated • Microchipped

Tripod (left rear leg amputated)

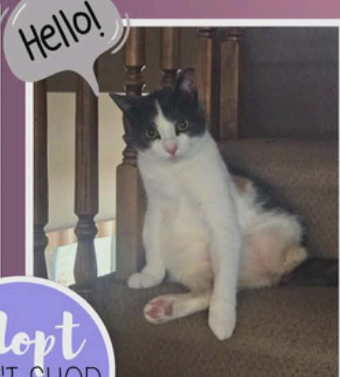

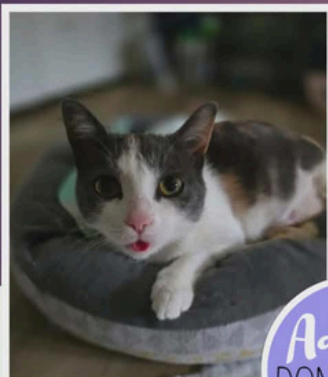

Special needs: paralysis & incontinence

Background: Ruby came into care in October 2024 alongside her mom, Opal, and two siblings. From the start, Ruby faced challenges — she dragged her left hind leg, causing repeated abrasions. With time and testing, it became clear she had sustained a spinal injury at birth or shortly after, resulting in paralysis. She has no sensation in her tail or privates and requires regular bladder and bowel expression. And yet... Ruby never let any of that stop her. She raced through her foster home just like any other kitten — curious, determined, and full of life. Due to ongoing infections, her left hind leg was ultimately amputated, and once again Ruby adapted beautifully. Her foster mom learned alongside her, advocating fiercely every step of the way. Today, Ruby is thriving and living her very best life.

Personality & Traits: Tripawd — and absolutely wonderful Strong-willed, confident, and bursting with personality Loves pom-pom balls most of all, plus springs and track balls Does well with cats and dogs Forms a deep bond with her human, as she depends on them more than most

Special Notes: Ruby is not defined by what she can't do — she is defined by her joy, her determination, and her incredible capacity for love. She is truly one of a kind and is searching for a very special family willing to walk beside her for life. Ruby doesn't need saving — she needs believing in. And loving.

Special Care Needs: •Requires regular bladder and bowel expression •Mobility-adapted but active and playful •Thrives with routine, patience, and committed caregivers Ideal Home: •A compassionate, dedicated family open to special-needs care •Someone who understands that Ruby gives back tenfold what she requires •A home where she will be cherished not despite her differences, but because of them

SPRING

SHY, SWEET, READY TO BLOOM

Rescued: November 2023

Fostered in: Shakespeare

Medical: Spayed Vaccinated Microchipped FIV Negative

Her Story: Spring spent years surviving in a large outdoor colony behind Sobeys in New Hamburg with her companions Autumn, Breeze, and Rain. As construction continued, their world kept shrinking — sheds removed, a new plaza built, and even their last sleeping space inside a food compactor taken away. Mostly seen only after dark once traffic quieted, Spring relied on the dedication of a volunteer who fed the colony nightly. When it became clear they had nowhere left to go, we welcomed them safely into foster care.

Life in Foster Care: Spring has settled beautifully into indoor life. She lives peacefully with other cats and dogs and enjoys a calm, predictable routine. She's a gentle soul who loves her window perches, lounging on a kitchen chair tucked under the table, and soaking in quiet moments.

Personality Highlights:

Stunning long-haired tuxedo beauty

Very low-key and gentle

Good with cats and dogs

LOVES treats — especially lickables and wet food

RTCR

Background: I spent the early months of my life braving the outdoors behind the Ford dealership in Kincardine, surviving the cold by sheltering in a shed and under a shipping container. Thanks to a kind human who made sure I was fed and warm whenever possible—and the help of an amazing RTCR volunteer—I was finally given the chance to come inside. Turns out... this is exactly where I belong.

Personality Highlights:

- Certified cuddle bug
- Professional lap warmer
- Couch-lounging champion
- Gentle, affectionate, and endlessly sweet
- Belly rub enthusiast
- Catnip toy connoisseur

Special Skills:

- Instant purring when humans are nearby
- Rolling, nudging, and flopping for more pets

Why You'll Love Me:

In my short time indoors, I've made it very clear—home is with people. I thrive on affection and simply want to be close to my humans, soaking up love and giving it right back.
