DIANA

This stunning girl came to us December 2022!!! She has been with us over a year now and it's time for her to find her family.

Diana was caring for her kittens in a small community as winter set in. Her kittens were rescued with her coming into care a short time later.

Diana was very scared and we had her TNR'd thinking she would have to return to her outdoor life. Given the frigid winter we chose to keep her indoors with hopes she would learn to trust.

She adored the kitties in her foster room, and now in her foster home as she is blended with the resident kitties. She snuggles close with the other cats and follows them everywhere. She watches them get love from their mom but she just hasn't quite got past her fears to accept love. Her foster mom can pet her at certain times and once she is being pet she seems to enjoy it, but she is fearful of sudden movements still. Diana is an active part of her foster home, mingling with the other kitties and coexisting with the dogs. She is still not sold on being pet but in the right home and environment she could get past that fear. She truly seems to want to snuggle in with her foster mom as the other kitties are getting snuggles but her fear holds her back. We feel, with time and patience she may even become that snuggle cat. She must have a few friendly felines in her forever home as she just adores other cats.

Hello!

Diana

FEMALE DOB - JUL 2019

- STUNNING CALICO
- LOVES LOVES LOVES OTHER KITTIES
- NEEDS TIME AND PATIENCE
- AFRAID OF THE REACH BUT CURIOUS
- NEEDS A SPECIAL PERSON/HOME TO MAKE HER FLOURISH
- MUST HAVE OTHER FRIENDLY KITTIES IN HER FURREVER HOME

RTCR

Some might say Diana is not adoptable, why would you post her for adoption if you can't handle her?? We have hesitated for months to post her with hopes she will learn to trust enough to enjoy being pet. We feel she is just as deserving as any other kitty, we just have to find her the right person. She may never be a lap kitty, or she might turn into the biggest snuggler once with her very own people. There is NOTHING more rewarding then winning the love of a semi-feral kitty ??

Right now Diana lives in a home where her foster mom runs a rescue, works fulltime away from the home and cares for MANY animals. Unfortunately she doesn't get focused socializing time. We have faith that there are other loving, crazy cat people, that would welcome and love Diana for who she is, a beautiful calico with stunning markings?

MARBLE

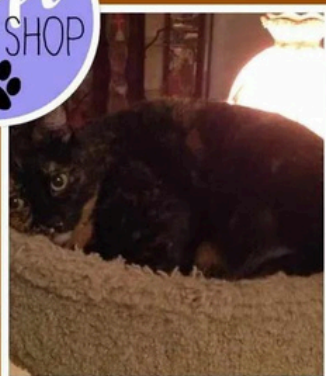

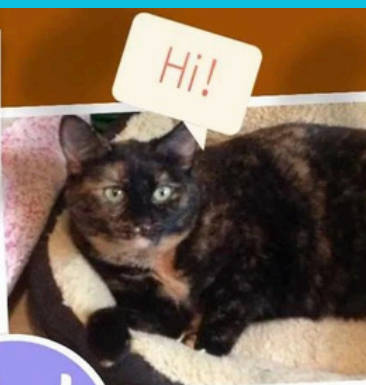

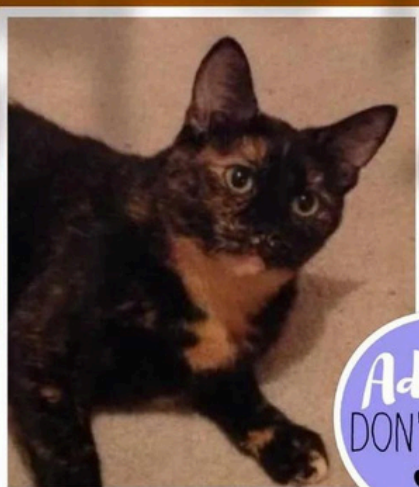

Marble is a very loving and affectionate girl who loves to be petted and is fine with being held. She can be a bit of a talker and quite persistent when she wants attention or her moist food.

Marble was rescued from outdoors in the country when she was pregnant. It was noticed that she has a rotating back hip when she walks and therefore it was decided that an xray was in order to see whether she had been previously injured or born this way. It turns out that both of her back legs had been previously broken in several places and had healed on their own but not properly. It is not known what happened to her to create these serious injuries. The vet couldn't believe that she could actually walk looking at the xrays however she walks quite well in spite of these injuries. She can't jump very high however she is able to go up and down stairs.

It has been decided to put her on a monthly injection of Solensia which is an anti-inflammatory to control pain for osteoarthritis. Marble will require this injection to be given by a vet for life and the cost is \$70.00 and up monthly depending on the vet.

In spite of her injuries Marble enjoys some play time. She likes chasing a laser light for a brief period or jumping at it, interacting with a wand toy or you may find her just laying in her cat tunnel. Marble loves her cat bed and that is likely where you'll find her napping every afternoon. Watching the birds and squirrels from the window is another of her favourite pastimes. She has not had any exposure to dogs.

Marble is a bit shy at first with new people therefore she would do best with a single adopter or a quiet couple. She would love to be an only pet as she is not fond of other cats and she would then be able to receive all the love and attention for herself that she craves.

NOELLE

Meet Noelle – Your Perfect Confidante and Feline Queen

Noelle's journey began in a trailer park in Mannheim, where she was found in December, starved but full of gratitude. Since then, she has blossomed into a confident, independent lady who loves her humans deeply. She listens intently to your stories, chirping her support, and rewarding you with affectionate purrs.

She's playful, interactive, and always up for a little fun—especially if catnip or treats are involved. Noelle knows her worth and won't hesitate to remind you (with the most dramatic pleading eyes) that she definitely hasn't eaten in a thousand years!

While she adores her people, Noelle would prefer to be the only cat in the house. She's ready to be the center of your world, offering companionship, conversation, and cuddles on her terms.

Noelle is spayed, vaccinated, and microchipped—now all she needs is a forever home where she can be loved as much as she deserves.

DIXIE

Meet Dixie – A Sweet Girl Ready to Bloom

Dixie came into our care in August of last year, a devoted mama to six tiny kittens, rescued from a rural property in St. George. She was cautious at first, focused on keeping her babies safe, but over time, this soft-spoken sweetheart has blossomed into a charming, curious, and affectionate little lady. Born around September 19, 2022, Dixie is now spayed, vaccinated, and microchipped—and ready for her next chapter: a forever home filled with love, patience, and maybe even a feline friend.

Dixie is a quiet queen who's still working on building her confidence, but her gentle personality is already shining through. She has the cutest little meow and will quietly approach you when she's ready for pets (and politely let you know when she's done). She's a laser toy enthusiast, a sunbeam seeker, and she loves cozying up in a cat tree perch to observe the world around her. She's experimenting with cuddles, loves a good lick treat, and will do the most adorable dance when it's mealtime in and around your feet. With time and a calm environment, she continues to open up more each day.

Her foster mom thinks she is the most funny little girl, and it's great to watch her get more and more comfortable every day. Dixie would thrive in a home with another friendly cat to help show her the ropes and offer companionship.

GREYSON

Meet Greyson – Your New Best Friend! This handsome, soulful boy is ready to leave his rough past behind and step into a future filled with love and comfort. Greyson came to us from a farm in the Kincardine area, where he lived as a barn cat—but life outdoors wasn't kind to him. Tired of fending for himself and getting into scraps with other toms, Greyson let us know he was ready for something better. And what a gem he's turned out to be!

Greyson is a gentle, old soul with the softest long-haired coat and the most beautiful green eyes. Born April 28, 2024, he's still young but wise beyond his months. He adores attention, especially belly rubs (his absolute favorite!), and will reward you with the sweetest, rumbling purrs. This absolute cuddlebug is happiest lounging by a window, watching the world go by, or curling up in your lap for some quiet time together. A true survivor, Greyson is food motivated—after going hungry outdoors, he now appreciates every single meal and treat.

He's comfortable around respectful dogs and loves other cats, so he'd really like a home with a feline friend or two to keep him company. Greyson has tested positive for FIV, but please don't let that scare you. FIV+ cats can live long, happy lives and can safely share homes with other cats as long as everyone gets along (which Greyson excels at!). He is neutered, vaccinated, and microchipped—ready to step right into his forever home.

Greyson

MALE DOB - APRIL 28, 2024
