

Greetings, Dr. Shatoyia, a woman who loves God—who has been sent not by men, nor through a man, but through Jesus Christ—to release the one and only authentic Truth in the hearts of believers. I release grace to you and peace from God, our Father, who knows all things.

I reprove all these false super-apostles that are preaching their tailor-made gospel, which has nothing to do with the original message of Jesus Christ. God will render each one of them according to his deeds. Wake up, church! Always be alert and sober-minded. The enemy comes as an angel of light to tell you what you desire to hear; however, his message (truth) distorts the original message (The only authentic Truth) about Jesus Christ. Many have commissioned themselves as apostles, preaching with evidence of signs, wonders, and miracles, but they don't have the fruit of Jesus authentically bearing on their trees. In other words, they are working full-time for the devil. We are living in the last days, and deception is working rapidly, especially within the church. It is imperative to be planted as saints where God leads you. I exhort you to stop listening to all these voices that have not been assigned to feed you God's original message. This is a designed weapon the enemy uses to bring confusion and disorder that aims to scatter God's people. As you have a willing and ready mind to receive the hearing of the Word, make it a priority to search the scriptures daily for yourself to see whether those things are as they were preached or taught. I write this letter with sincerity and God-fearing grief about how people allow the enemy to deceive them by listening to the gospel of man and not the original message of Jesus Christ.

We are set apart as the body of Christ; we do everything God's Way. We don't compromise our standards to please others. His grace gives us the enablement, through the Holy Ghost, to live eternally, loving Him through authentic obedience. His Word is embedded in our hearts. Do you have His Word hidden in your heart? As a result, because we belong to Him, His sufferings abound in us, so our comfort also abounds through Christ. His grace is sufficient for us, and His power is made perfect in our

weakness. Therefore, boast about your shortcomings—this indicates God will get the glory by helping you overcome all things you are tempted with while on Earth. Also, as you boast about your weakness, this keeps you in a humble position, knowing you NEED God! Don't ever get conceited based on the revelation and power God has given you for His purpose, and think you are above others. We should always put people above us by thinking more highly of them than ourselves. This is grace! Loving God with a pure heart to obey Him with the help of the Holy Ghost and loving others God's Way—only the Holy Ghost can help us in all these things.

I love you, and I am praying for your well-being. This is the hour of consecration; separate yourself from anything or anyone impeding your spiritual maturity. Even Jesus took time away from everyone to seek the Father.
