Arranger, Responsibility, Individualization, Relator, Strategic

K Scott Consults, LLC is a Certified Minority and Woman Owned Business Enterprise, small business company located in Little Rock, Arkansas. K Scott Consults, LLC specializes in business and management consulting, assisting companies with compliance with governmental regulations, thus keeping their employees safe, their costs down, as well as reducing their workers' compensation insurance costs below average. K Scott Consults, LLC works closely with local, state, and federal government agencies such as the Occupational Safety and Health Administration (OSHA), Environmental Protection Agency (EPA), the Department of Transportation (DOT), National Fire Protection Association (NFPA), Arkansas Workers Compensation Commission (AWCC), Arkansas Department of Labor (ARDOL), Arkansas Department of Environmental Quality (ADEQ), local fire and police departments, as well as risk control service providers, insurance underwriters, and local insurance agencies. K Scott Consults, LLC has been operating since June, 2014 and is a Limited Liability Company.

Keneasha Scott, a Criminal Justice Graduate, from the University of Arkansas at Little Rock, began her career in Quality and Loss Control began working in the production and manufacturing world and assisted the company with tracking quality and loss control events, field complaints, and investigating root cause back in 2004. It was there that she found her love for investigations and solving problems. Upon graduating from college, she began her environmental, safety, health, and loss control career. As a Safety & Loss Control Administrator in the manufacturing realm for 8 years, her investigative, legal and data reporting skills were utilized to enact controls for Environmental, Health and Safety management systems. Working in conjunction with corporate team leaders, Keneasha developed, implemented and maintained numerous Environmental, Health, Hygiene, and Safety programs ensuring compliance with federal, state and local agencies including OSHA, ADOL, DOL, EPA, ADEQ, ADEM, NIOSH, NFPA, and DOT, as well as utilizing her certification as a Certified Interrogator to investigate accidents, loss control situations, thus reducing overall costs with companies.

Utilizing the 8 years working in General Industry facilities, along with time as a Private Consultant for the last 11 years, Scott continued to develop her environmental, health and safety skills, and began to focus on other aspects of loss control such as professional development, fostering positive behaviors in work cultures, and providing assistance with companies in reducing liability concerns as they relate to employees, product liability, transportation of products; Scott has assisted numerous companies in developing and implementing regulatory driven Management Programs including Industrial Hygiene and Training. Using her background in Quality, certifications as an ISO 14001 Lead Auditor, an OHASAS 18001/ISO 45001 Auditor, she has assisted companies with implementing programs that focus on quality control, liability controls, and those issues that enter the

Executive Summary

workplace to reduce companies' bottom line. Having been certified by the Reid Institute in Interviewing and Interrogation, the Arkansas Workers' Compensation Commission has recognized Keneasha as an Approved Professional Safety Source (APSS) and a Field Service Representative (FSR) and the Department of Labor Occupational Safety and Health Administration (OSHA) has authorized her as a trainer in General Industry Code of Federal Regulation Standards.

Scott, having received a Yellowbelt through Six Sigma Principles, thrives on investigating accidents and incidents, determining root cause, and implementing corrective actions. Scott has been instrumental in assisting regulatory agencies, law and policy makers, with implementing cultural and diversity programs, safety in school initiatives, daycare loss control measures, and crisis management situations to assist companies with keeping up with the changes in times and the ever-changing workforce.
