| <b>Confederated<br/>Construction<br/>Company</b> | <b>Estimator/Project Manager</b><br>Experienced with a strong background in residential, commercial, federal, and public works civil construction projects, serving as both Prime and Subcontractor. This position is responsible for leading both the preconstruction and project execution phases, including estimating, bidding, planning, scheduling, budgeting, and project delivery. The candidate will prepare accurate cost estimates, perform quantity takeoffs, develop competitive bids, coordinate with subcontractors and suppliers, and manage projects from award through completion. Working closely with the Director of Construction, Project Team, and Field Leadership, this role requires expertise in civil construction methods, cost analysis, project scheduling, contract administration, risk management, and regulatory compliance. Candidates should possess 5–10 years of civil construction experience, including 2–5 years in estimating and/or project management, with experience in public works, infrastructure, utilities, and site development projects. An associate degree is preferred, with a degree in Construction Management, Engineering, or a related field considered a plus. | <b>Open Until Filled</b> |
