

Second Wave ~ Epistles & Prophets

Explanations & Expectations

The Second Wave of readings is meant to deepen understanding. This is accomplished by delving into longer works that more fully elaborate crucial events. These works are more “vertical” in orientation because they slow down and dive deeper. In Paul's *Letter to the Romans* he references Old Testament works more than sixty times. Savor these slowly, in any order, but read all of them before going on to The Third Wave.
